AWARD

The Government of Karnataka by their Order No. SWL 248 (2) LLD 75 dated 3rd December 1975 have referred this dispute between the aforesaid parties for adjudication under Section 10 (1) (d) of the Industrial Dispute Act. The Points of Disputes are the following :—

Points of Dispute

"If the management justified in not paying the same rates of wages to both categories of workmen, *i.e.*, Filed Mukadums and Field Assistants, as recommended by the Wage Board ?

If not to what relief are the workmen entitled ?"

"Is the management justified in not giving the benefit of the pay scales and allowance recommended by the Second Wage Board with effect from 1st November 1971 to 30th October 1972 to the daily-rated non-permanent workmen?

If not, to what relief the workmen are entitled?"

The parties put in appearance and have filed their statements.

The claim statement of the I-Party is to the following effect. Second Party factory went into production from 8th November 1971. It has got a bright future. The II-Party had agreed to implement

the recommendations of Second Central Wage Board for Sugar Factory with effect from 1st November 1971.. This had been done at a joint meeting of employees and the Management which took place on 20th March 1972. But the implementation had not been done correctly. The Second Central Wage Board for Sugar Industries as also the First Wage Board had evolved a scheme classifying and designating the employees with reference to their duty and function and fitted them into grades and monthly scales of basic wages. The workmen with identical nature of duty are to be given the same designation and fitted into the same scale of basic wages. The functions and duties performed by the Field Assistants and the Field Mukadums are identical. The Field Mukadums work independently of the Field Assistants. The Field Assistants are classified as clerical workers and their basic wages is 137½-157-EB-5-202 whereas the Field Mukadums are classified as manual workers and put on the wage scale of 118-2-136-3-151. They are further devided into monthly rated and daily rated ones. This decision is made with the object of denying the Field Mukadums the same rate of wages and it is not justified. It is prayed that the Field Mukadums to be designated as Field Assistants and given a wage scale similar to them with effect from 1st November 1971. In respect of those persons categorised as daily rated non-permanent workmen the implementation has been made from 1st November 1972 instead of 1st November 1971; these workmen are regular seasional employes of the II-Party. They are entitled to the benefits of wage scales and allowances with effect from 1st November 1971.

The statement of the II-Party is the following effect. The factory is running at a loss. The management had agreed to implement the recommendation subject to the availability of financial resources. Production had started in the factory from 22nd January 1971. The Field Assistants are technicaly qualified persons who had undergone training in agricultural Schools for a period ranging from 1 to 2 years. They do supervisory work supervising the work of Field Mukadams and guiding the latter in the technique of Sugar Cane plantation, use of fertiliser and harvesting. The Field Mukadams are not technically trained persons. Their responsibility is less. They fit into the category 'Cane Development Kamadar' mentioned in the Wage Board recommendations and the prescribed wage scale is given to them. There is no mention of Field Assistants also in the Board recommendations but keeping in view the nature of the duties performed by them a higher scale is made available to them. The demand of Field Mukadums that they should be given the scale same as that for the Field Assistants is neither reasonable nor tenable.

The daily rate of wage is calculated on the basis of monthly rate. There is no monetary loss to the worker. There is no bar in the wage board recommendation against having daily rated workers.

The factory was a new one. It had commenced production from 22nd January 1971.. The benefits were given to the daily rated workers from 1st November 1972 in view of the financial stringency and also for the reason that the production in the year 1970-71 was only 11,470 quintals of Sugar. The demand of the worker is belated and they are deemed to have waived the same. The claim is also time-barred. The workers should have approached the state level Tripartite Machinery, which is constituted under the Wage Board Recommendation.

The case was set for evidence and it underwent a number of adjournament as the parties pleaded that a settlement was in the offing. Ultimately a settlement is reported by the parties. I have gone through the terms of settlement. The demands of the workers as set out in the reference has been quite handsomly met with by the management. A common scale of wages is available to the two categories of workers. The benefits to daily rated workers is also made available from 1st November 1971. I therefore pass an award in terms of the settlement which has been reported to me. The Settlement Deed shall be the part and parcel of this Award.

II Party :—The Management of Shri Malaprabha Co-op. Sugar Factory Ltd., M. K. Hubli.

Short Recital of the Case

The Government of Karnataka in its Order No. SWL 248 (2) LLD 75, dated 3rd December 1975 has referred the following industrial dispute between the workmen and the Management of Shri Malaprabha Co-op. Sugar Factory Ltd., M. K. Hubli to the Addltional Industrial Tribunal, Bangalore, for adjudication which is on the file of the Tribunal as AID. 13/75 in which the points of disputes are as follows :

Points of Disputes

(i) Is the Management justified in not paying the same rates of wages to both the categories of workmen i. e. Field Mukadams and Field Assistants as recommended by the Wage Board ?

If not, to what relief the workmen are entitled ?

(ii) Is the Management justified in not giving the benefit of the pay scales and allowance recommended by the Second Central Wage Board with effect from 1st November 1971 to 31st October 1972 to the daily rated non-permanent workmen ?

If not, to what relief the workman are entitled ?

2 When the matter came up for enquiry before the Additional Industrial Tribunal both the parties to the dispute submitted to the Tribunal that they would like to settle the matter out of Court and pleaded for time which was being granted from time to time.

3 The matter under dispute came up for discussion before both the parties from time to time in connection with a general fitment of workmen into grades and scales of workmen as per the Second Central Wage Board for Sugar Industry which forms the subject matter of another settlement, and finally on the 26th October 1977 the following agreement is reached in respect of issues referred to under these proceedings.

Terms of settlement

4 Dispute No. I

The wage scales of both the Fieldmen and the Field Mukadams were discussed and it was agreed between the workmen and the Management that :

(a) The wage scales of Fieldmen should be upgraded from the scale of Rs. 137-4-157-EB-5-202 to Rs. 185-7-220-EB-8-292.

(b) The wage scales of Field Mukadams whether daily rated or monthly rated should be the same as that of the Fieldmen i. e. Rs. 185-7-220-EB-8-292.

(c) The Fieldmen and the Field Mukadams should be given the above scale of wages with effect from 1st November 1976, and

(d) The Fieldmen and the Field Mukadams, who have joined duty in the year 1969 should have their wages fixed at two stages higher in the revised scale as weightage on 1st November 1976 i. e. Rs. 199 and such of them who joined duty in the years 1970 and 1971 should have their wages fixed at one stage higher in the revised scale as weightage on 1st November 1976 i. e. Rs. 192 and the rest at the initial stage in the revised scale on 1st November 1976.

5. Dispute No. 2 :—

The workmen and the Management agree that the daily rated non-permanant workmen should get the benefit of the pay scales and allowances recommended by the Second Central Wage Board for the period from 1st November 1971 to 31st October 1972 i. e. their basic wage will be fixed at Rs. 110 plus allowances for the period they worked during the period from 1st November 1971 to 31st October 1972. It is further agreed between the parties that as a result of general revision of fitment of workers as per the recommendations of the Second Central Wage Board, a heavy financial burden has been placed on the Management, the daily rated non-permanent workers who have worked during the period from 1st November 1971 to 31st October 1972 shall be paid only 50 per cent of the arrears of wages that would accrue to them under this agreement. These arrears shall be paid in three instalments on 31st October 1977, 31st December 1977 and 31st March 1978.

6 Both the parties to the dispute agree that this settlement should be filed before the Additional Industrial Tribunal with a request that an award may be passed on the lines agreed to in this settlement.

Signed by the parties to the proceedings on the 26th day of October 1977 at M. K. Hubli.

2. The points of dispute referred for adjudication is as follows.—

"Is the management of Karnataka State Road Transport Corporation, Hassan Division justified in suspending Sri. Jaffer, Sheriff, Driver. for 7 days without pay and allowance vide their order No. MST HSN. TR. DFI/256/72/5365 dated 8/ 9th May 1972 as a measure of punishment ? If not, to what relief is the worker entitled to ?".

3. The I Party has filed his claim statement. The II Party has filed its counter statement. Two witnesses are examined on the side of the I Party. One witness is examined on the side of the II Party.

4. J. F. Sheriff (hereinafter referred to as the workman) has been working as a bus driver under the II Party-management. A domestic enquiry was held against the workman and he was suspended for a few days without pay and allowance, as a result of the said domestic enquiry Ex. M. 4 is the chargesheet framed and served on the workman in the domestic enquiry. The charge levelled against the workman as mentioned in the charge-sheet-Ex. M. 4 reads as follows:—

"That on 8th December 1971, while you were on duty in vehicle No MYF-6273, playing on route No. 6A/7B, you had caused deliberate break-down of the vehicle due to starter failure and gear box sound.

II. That the above break-down is due to your rash and negligent driving".

5. As any one could understand, the charge as mentioned in Ex. M. 4, is that the workman himself had caused the break-down of the vehicle due to starter failure and gear box sound, and that the said troubles appeared in the vehicle due to his rash and negligent driving. It was sought to be contended by the learned Advocate for the II Party that the real charge against the workman was that he stopped the vehicle without any cause whatever, and that the language employed in Ex. M. 4 in framing the charge is not happily worded. Whether the charge is happily worded or not, the charge as suggested by the learned Advocate for the II Party cannot be read from the language of the charge as found in Ex. M-4. By no stretch of imagination it can be said that the charge against the workman as per Ex. M-4 was that he had deliberately stopped the bus without the vehicle having any trouble whatever. In my view the specific charge against the workman was that there was break-down of the bus on 8-12-1971 due to starter failure and gear box sound, and that this trouble developed in the vehicle due to the rash and negligent driving of the vehicle No. MYF 6273 by the workman. We have to see whether this charge was in any way substantiated in the domestic enquiry.

6. So far as the Jurisdiction of an Industrial Tribunal with respect to any action take by the employer against the employee after holding a domestic enquiry is concerned the law is summed up by the Kerala High Court in the decision reported in 1977, Vol. 1 L.J., 420 at page 422 as follows:—

"The principles governing the limits and the scope of the exercise of the Industrial Tribunal's jurisdiction in respect of industrial disputes arising from orders passed by the employers terminating the services of their employees have been laid down by the Supreme Court in the case of Ritz Theatre (Private) Limited. (1962-II L. L. J. 498). The guideline given by Gajendragadkar, J., in that

c.cision could be briefly stated as follows:— Where the em loye serves he rel vant ch rg or charges on h.. employe and rder a proper an fair enquiry, it is open to him to c upon the rep rt sub tte to hi by the Enquiry Officer and to di-miss t e employe conce n d. If the enquiry has been properly held, t e order of dismissal passed against the employee as a result of such an enquiry can be chal rged it is shown that the conclusions reached at h departmental enquiry were perverse or the imposed dismissal is vindictive or malafide, and against all fair labour practice. In such an enquiry before the Tribunal, it is not open to the Tribunal to sit in appeal over the findings recorded at the domestic enquiry. When a proper enquiry has been held, it would be open to the enquiry officer holding the domestic enquiry to deal with the matter on the merits, bonafide, and come to his own conclusion. Where it appears that the departmental enquiry held by the employer is not fair in the sense that proper charge had not been served on the employee or proper or full opportunity had not been given to the employee to meet the charge, or the enquiry has been affected by other grave irregularities vitiating it then the position would be that the Tribunal would be entitled to deal with the merits of the dispute as to the dismissal of the employee for itself. The same result follows if no enquiry has been held at all. In regard to cases in which no enquiry was held are the enquiry held by the employer was found to be not fair, it is, however open to the employer to adduce additional evidence and satisfy the Tribunal that the dismissal of the employee concerned is justified And in such a case, the Tribunal would give opportunity to the employer to lead such evidence, would give an opportunity to the employee to meet that evidence and deal with the dispute between the parties in the light of this whole of the evidence thus adduced before it. In such a case it cannot be urged that whereve the employer seeks to lead additional evidence before the Tribunal in support of the dismissal of his employee, it must necessarily follow that he has given up his stand based on the previous departmental enquiry and the Tribunal is entitled to examine the dispute on the merits for itself. The above principles have been reiterated and emphasised by the subsequent decisions of the Supreme Court".

7. In the circumstances of his case, the only point which we have to consider is whether the finding recorded by the enquiry officer is in any way perverse or not. I have already stated the

nature of the charge which the workman was asked to meet and defend. On behalf of the managment, the enquiry officer recorded the statement of only the reporting official and on behalf of the workman, only the statement of the workman has been recorded. The entire matter, so far as the management is concerned, depended on the statement of the reporting officials be ng called in the proceedings of the domestic enquiry. It is seen from the statement of this reporting officer that he deposed before the enquiry officer, that the workman had reported that there was the break-down of the vehicle due to starter failure and gear box sound but when the vehicle was checked up in detail it was found that it had no defect whatever, and that the vehicle was brought in the same condition in which it was at the place where it was stopped and then it was sent on line. According to the statement of the reporting official, the vehicle had no trouble at all. Whether that is so the further case of the management that the vehicle had developed some trouble like starter failure and gear box sound due to the rash and negligent driving of the vehicle by the workman is not at all in issue. Suffice it to say that the evidence of the reporting official himself established beyond reasonable doubt that the charge levelled against the workman was baseless and untrue. There was no other evidence on the basis of which the enquiry officer could come to the conclusion that the vehicle developed the troubles mentioned in the charge due to the rash and negligent driving of the vehicle by the workman. It is therefore, seen that it is a case where there was absolutely no evidence to substantiate the charge framed against the workman. The enquiry officer has also not held that the workman was guilty of some other delinquency than the one mentioned in the charge. What the enquiry officer has found is that the charge levelled against the workman has been substantiated in the domestic enquiry. It is needless to say that such a finding, though in a domestic enquiry is recorded without any evidence whatever to base such a finding is anything but a perverse finding. I am clearly of the opinion that the finding in the domestic enquiry that the workman is guilty of the charge levelled against him is perverse and hence this Court has to set-aside the said finding.

8 It was contended by the learned Advocate for the M party that apart from what is found in the domestic enquiry, this Court has to find out on the evidence adduced before it, as to whether the management was or was not justified in listing the punishment which it has done. Even in this Court, in the counter statements filed by the M ry. it is stated "It is stated that the petitioner, while on duty on 8th December 1971 had caused the break-down of the vehicle MYF. 6273 due to starter failure and gear-box, which was caused by him on account of his rash and negligent driving. That the petitioner caused the break-down of the vehicle deliberately causing inconvenience to the travelling public", It is thus seen that

even before this Court the II party has reiterated the very charge it had levelled against the workman while conducting the domestic enquiry Even before this Court, it is not the case of the II party that the workman had deliverately stopped the bus without the vehicle having any trouble, and thus caused inconvenience to the travelling public Hence, the question this court finding the workman guilty of something which is not even brought to his notice even in this Court, does not at all arise for consideration. If any such conclusion is reached by this Court it would be in violation of all the principles of natural justice, because the workman had absolutely no opportunity to have his say with respect to any such charge. Even otherwise, there is absolutely no evidence on the side of the II Party to prove any such charge as is now sought to be canvassed or in support of the original charge. M.W. 1 H. N. Srinivasa Murthy has absolutely no personal knowledge about any fact in this case and he has simply referred to Exs. M1 to M-6. He is working in Karnataka State Road Transport Corporation Hassan as Assistant Law Officer since 1976. His evidence is practically of no use.

9. W.W. 1.-H. P. Rangappa claims that he was travelling in the bus in question on the relevant date.-W W 2-Mohammad Jafer Sheriff is the workman. W. W. 2 has stated that he had to stop the bus after it travelled a distance of two furlongs from Biccod because the lighting system failed and that when he switched on the lights of the bus due to short-circuit the connecting wires burnt and smoke began to come. W. W. 1 has also stated that when the driver switched on the lights, the lights did not come but instead smoke began to come out and that the passengers of the bus began to make galata, and that some passengers and the conductor went from that place to send a phone message. Ex. M-2 is the reply submitted by the workman to the offence memo-Ex. M 1. It is stated in Ex. M-2 that there was a loud and odd sound that he was not quite sure whether it was due to any defect in the centre joint or gear-box, and that he had to stop the vehicle because of this sound. In his evidence before the court W.W 2 has stated that except trouble in the lighting system of the bus, the bus had no other trouble. It is no doubt true that the workman has made inconsistent statements about the reasons for stopping the vehicle But from this inconsistent statement, we cannot hold him guilty of any dereliction of duty or any misconduct when the II party itself is not sure as to the charge that has to be levelled against the workman. Even in this Court, the management has not produced any evidence to show that the vehicle developed any trouble owing to the rash and negligent driving of the vehicle by the workman. No sustenance can be drawn for this charge even from the evidence of W.W 1 and W.W 2 or from the inconsistent statement made by the workman To sum up, I may say that in this Court also the management has not established that the punishment imposed on the workman in question is justified.

When that is so, the reference has to be accepted and it must be held that the II party was not justified in suspending the workman for seven days without pay and allowance. The workman is entitled to pay and allowance for this period of seven days.

10. In the result, the Reference is accepted. It is held that the management of Karnataka State Road Transport Corporation, Hassan Division was not justified in suspending Sri Jaffer Sheriff, Driver without pay and allowance for seven days or for any other period as a measure of punishment. Jaffer Sheriff is entitled to get his pay and allowance for this period of 7 days. In the circumstances of this case, I direct the parties to bear their own costs.

Respondent. The General Manager, K.S.R.T.C., K. H. Road, Bangalore.

(By Sri S. M Hanasi Advocate, Hubli)

G.O. No. cWL 880 LLD 74 DATED 19TH NOVEMBER 1974.

JUDGEMENT AND AWARD

1. This case which was originally pending on the file of the Labour Court Bangalore where the parties had filed their pleadings has now been transferred to this Court The point for adjudication in this case is whether the Respondent is justified in terminating the services of the claimant w.e.f 16th December 1971 and whether he is entitled to any reliefs.

2 The claimant has contended that since February 1970 he was working in Kolar Division of the Respondent Corporation and he sought for transfer from that division to some place either in Belgaum Hubli or Bijapur Division and his request of transfer was not complied with. He complains that during his service in Kolar he was harassed by his co-workers by allowing his cycle tube to be punctured and not giving him required co-operation and also assaulted by his co-workers and therefore he applied for leave and came away. He claims that he has been issued a notice calling for explanation for unauthorised absence to which he has sent a reply and ultimately he has been terminated which according to the claimant is unjustified and illegal. He contends that the order of termination is made by way of punishment for alleged misconduct and that no chargesheet

has been issued and no enquiry has been held. He also contends that the authority has not taken into consideration his representation and no personal opportunity had been given to him to report for duty. He, therefore, prays that he should be reinstated with back wages and continuity of service.

3. The Respondent contends that the claimant who was working in KSRTC, Kolar division had sought for transfer in March 1970 on the ground that the climate in the Mysore site did not suit him. He contends that the claimant had not completed the period of probation. Therefore his request could not be complied with as a matter of right and because his stay in Kolar was undesirable during the period of probation. They also contend that the claimant did not evince interest to qualify himself during the period of probation and was not inclined to carry out work entrusted to him and has absented himself from duty. They contend that the claimant has not given satisfactory explanation for his unauthorised absence. They further contend that since the claimant did not prove himself to be fit and suitable during the period of probation, his services were not regularised or confirmed and therefore he has no right or status to maintain this case and hence he is not entitled for reinstatement or other benefits claimed. They denied the plea of ill treatment on the ground that he was a Mysorean. They contended that his services were terminated because he had not completed the period of probation satisfactorily.

4. From the several documents exhibited by consent by both parties and the evidence of the claimant and one Junior Assistant of the Respondent many of the facts are undisputed and these facts are narrated below.

The claimant was appointed as per Ex. M-1 along with one R. R. Kattimani, both the persons appointed under this order are persons coming from Belgaum District. They are appointed to a common Kolar division. The allegation in the written statement of the Respondent that the claimant was registered in the Hubli office and since there was no possibility of his getting appointment in Hubli division and when the Kolar Division was wanted, the consent of the claimant was obtained and therefore he was appointed to that division, is not seriously disputed. The order shows that his appointment will be on probation for 2 years. The date is 2-4-1970. This also stipulates that if he is unsuitable for job during the period of probation and if he does not improve inspite of being cautioned he could be discharged with notice. The claimant has worked in Kolar division for a little period of one year after his appointment. Thereafter he has been giving representations like Ex W-1, W-10 M4, M-5 and M-2 seeking for transfer on several grounds mentioned therein. He was not given a favourable enquiry of this request. But he has been informed by several communications issued that the transfer is not possible at present. There was an incident on 5-8-1971 wherein one Kattimani R. K. appears to have thrown a opened paint box on the cla-

mant in the presence of Divisional Works Superintendent. Therefore the claimant applied for leave from 6-5-1971 and up to 12-5-1971 and left that place and came over to Belgaum. Thereafter he has never turned up at all. After he proceeded on leave he got a notice issued through an Advocate Ex. M-1 to which a reply as per Ex W-3 has been issued In regard to the misconduct committed by Kati an enquiry was ordered as per Ex. M-2 and the enquiry Officer was appointed. Ex M-3 is chargesheet issued to the said R R Katti. This R. R. Katti gave his explanation Ex. M 13 and tendered resignation to post. The appointment of the enquiry Officer and issue of chargesheet and furnishing of explanation has been done on 5-5 1971 which is the day of occurrence. The claimant was issued a show cause notice Ex-W-2 Ex W 4 is duplication which was issued by inadvertant with Respondent. The claimant has given explanation to Ex. W-2 wherein he has contended that the stand he has taken in Ex. W-6 holds good Ex. W 5 which is a copy of Ex. M-8 is the reply to Ex W-4. Thereafter the Respondent issued Ex. W-6 giving him a one more chance to report for duty within 7 days from the date of receipt Admittedly the claimant did not report to duty. Thereafter the Management passed an order Ex W-7 terminating his services. The claimant preferred an appeal as per Ex. M-10. This appeal appears to have not disposed within 6 months. Hence after the claimant got a notice issued to the General Manager claiming for damages. This notice is Ex W-11 Thereafter the suit had also been filed before the Munsiff Belgaum as per plaint Ex W-8 claiming damages. Any way there is no material on record to show that the claimant got a decree at the hands of the Munsiff The General Manager has decided the appeal as per Ex. W-9 and has refused to interfere with the order passed by the Divisional Controller Thereafter a notice as per Ex. W-10 has been issued and thereafter the matter has now before the Court as the request made in Ex. M-11 was not considered by the Respondent.

5. In this case except calling for explanation no enquiry has been held as contemplated under rules. The contention of the claimant is that the representation given by the claimant has not been taken into consideration as no force at all. The notice was issued to call upon him to explain for his unauthorised absence. It must be remembered that his absence was during the period of probation because by the time he went on leave viz 5-5-1971 the period of probation has not been completed as could be seen from the documents marked. The Management has done The Management has done its best by issuing a notice to R R. Katti who had assaulted the claimant on the very day of the occurance and the said Katti has tendered resignation on the very day itself The explanation given by Katti shows that he has made some allegations against the claimant also. Any way that enquiry was not proceeded with because his resignation was accepted. In such circumstances, it

is fu la to contend th t the Management did not provided suitable opportunity to claimeh to continue in service. As I gather from records exhibitted in this case, the claimant appears to have invented this cause as a refuse for be unauthorised absences. Except through the notices sent through his Advocate he had not sought for the leave subsequent to 13 5-1971 H has not made it clear t the Court that he had leave to his credit. He has not even told the Court the leave was sanctioned to him atleast upto 13-5-1971. The request in the legal notice not issued on 7-5 1971 is to force the Management to give him a transfer and also to force the Management to grant him leave with pay or half pay or without pay till such time his transfer is effected. The Respondent has contended that the post held by the claimant is a divisional post which can not be transferred. The claimant has not shown any rule which shows that the incumbent of this post could be transferre under any rule and that to during the probation. He has not pointed any rule that he will get him right to get the leave sanctioned for indefinite period with or without allowance. If the request claimed by the claimant is to be considered it would mean that for indefinite period the Management has to keep quite a dd to go on sanctioning leave even without allowance and thereby hampering the work which the claimant was required to do. When there is no right given to him of getting the leave sanctioned and when there is no rule that he should be transferred as of right, his claim is unreasonable. I feel that the petitent relating to them assault by Kittu is only made use of to force the Management to give him transfer

6. It is not correct to contend that no reasonable opportunity has been given to the claimant to report for duty. As already indicate earlier he has been specifically directed to report for duty within 2 weeks of the receipt of Ex W-6. Admittedly he has not reported for himself for duty within the period mentioned in Ex. W-6 Hence an opportunity had been given to him to report for duty and the claiment has not availed of this opportunity.

7. The learned representative for the claimant contends that if it is a discharge simpliciter, he has no case because the Management can effect a discharge during the period of probation. His argument is that in effect it is a termination for alleged misconduct and it casts stigma on him and therefore he contends that since the enquiry is not held, the termination order must be set aside. It is fairly conceded that no enquiry has been held except calling for an explanation. The learned counsel for the Respondent submitted that in view of the explanation most of the facts were appeared on the face of the records and therefore there is no need to hold an enquiry. Even the submission of the Respondent's counsel is correct because most of the facts were known to both the parties.

8. I feel that there is no merit in the contention that this discharge is given by way of punishment for a alleged misconduct.

Ex W-7 no doubt has got two portions one relating to misconduct for unauthorised absence and the other for its conclusion that the claimant is not willing to continue in service. When the claimant has not taken advantage of the offer made in Ex. W-6, the only inference to be drawn is that he has decided to continue in service. The earlier portion of Ex. W-7 no doubt states that he claimant has committed misconduct under Rule VII 8 (a) read with XI (1) of MSRTC standing orders. If only the latter portion of Ex. W 7 was there, the argument of the learned representative of the claimant could have been accepted. But I find in the latter portion that they have come to the conclusion that the claimant has no desire to continue in service because he has not given satisfactory explanation. I can not agree with the representative of the claimant that the correspondence exchanged between the parties clearly show the reasons for absenting and which was according to him for reasons beyond his control. I can not agree with this contention at all. When the Management has taken steps against the person who committed assault on the claimant, the claimant should have reported himself for duty. If the Management had not taken action he should have taken protection from the Police and even after words if his plea was found miserable, then perhaps there would have some justification for staying in Belgaum. He can not assume that the conditions were not favourable to him. As already pointed his assistant has tendered resignation. Therefore any obstacle he had, had already been removed. In such circumstances when he absented from duty it can not be said that it is for reasons beyond his control and that the explanation given by him as to be accepted.

9. The unauthorised absence is during the period of probation. The appointment order Ex M-1 gives a right to the Management to terminate his services if he does not improve inspite of being cautioned in Ex. W-5 he has been cautioned but there has been no improvement since he did not turn up for duty. Therefore the very service condition Ex. M-1 clearly gives authority to the Management to terminate the services of the claimant without notice. Therefore the termination of the claimant would be justifiable. He can not now contend that his order is unjustifiable. He cannot rely of the order of the Appellate authority as per Ex. W-9, that some words have been used or not probably by inadvertance. Even this order has two portions. One relating to his unauthorised absence amounts relating to the claimant not availing opportunity given him to report and to show good progress. Therefore the portion that relates to unauthorised absence could be ignored. But the other portion will certainly prevail. That show that the order made by the Respondent is only by way of discharge and not by way of punishment.

10. This position has also been made clear in a decision of our High Court in W P. No. 4835 and 4855 of 1970 where a similar question has been involved and where His Lordship has held that the

termination does not amount to termination by why of punishment. Applying the ratio in that case I feel that the claimant has no case to contend that his termination is bad in law.

11. Therefore My finding on the 1st point of dispute refferred to me is that the Management is justified in terminating the services of the claimant.

12. In view of this finding, the claimant is not entitled to any relief claimed by him. No costs.

Labour Dispute.—Industrial dispute between the workman and the management of Kirloskar Electric Company Ltd. Bangalore-3.

Award of the Presiding Officer, Labour Court, Hubli. Published Read the following papers.

1 Letter No. LCH/1832/77-78, dated 4th January 1978 from Shri P. L. Kumaswamy, Presiding Officer, Labour Court, Hubli.

BEFORE THE LABOUR COURT AT HUBLI

Ref No. 73/1977

Present —Sri P. L. Kumaswamy, B.Sc., B.L.,
Presiding Officer
Dated 3rd December 1977

Claimant.—Sri Jayaramaiah C/o The President, Kirloskar Electric Co., Employees' Association, Vinayak Buildings, 1st Cross, Malleswaram, Bangalore-3.

Respondent.—The Management of Kirloskar Electric Co., Ltd., Bangalore-3.

G. O No. FCL 629 LLD 68 DATED 12TH FEBURARY 1973

JUDGEMENT AND AWARD

The question for adjudication in this case is whether the Respondent is justified in terminating the services of the claimant and if the claimant is entitled to any reliefs.

2. The matter was originally referred to the Labour Court, Bangalore where the pleadings had been filed and many proceedings had taken place and the Labour Court Bangalore had passed three orders when one order of the Labour Court, Bangalore, was challenged in the High Court, a stay had been granted and that stay ultimately has been vacated by the High Court. At this stage the case has been made over to this Court.

3. I am not adverting to all the allegations in the pleadings, because I am at present required to give finding on 2 preliminary issues. One is with regard to existence of Industrial dispute and the other is about the validity of domestic enquiry. The claimant had contended that his services have been dispensed with illegally. He has contended that the domestic enquiry held against him is improper because the enquiry Officer has not given him a copy of a complaint on the basis of which a chargesheet was issued. He has also contended that the findings are preverse and that the action is not just and it is smacks of victimisation as the claimant was

selected for punishment because he was joint Secretary of the Association and this action against the claimant was taken as a counter to the peaceful agitation run by the Union and the workman in support of their demand. He also contended that the punishment is contrary to standings orders and that the punishment is excessive. He prays for reinstatement with back wages and continuity of service.

4. The Respondent had contended that there was no demand and as such there was no industrial dispute and that this Court has no jurisdiction. It had also contended that a proper enquiry has been held and that after a finding of guilty, he has been dealt within accordance with the Law, in regard to the misconduct of loitering and intiminating lady employees of the Respondent. They have also submitted that there was also another enquiry of fraud which has also been enquired into and there also a finding had been recorded that he was guilty of misconduct and that no order of punishment was passed on him because the claimant was not in the service of Respondent at that time. They contend that the domestic enquiry held is fair and proper and the punishment is also proportionate to the gravity of the misconduct alleged.

5. I see no force in the contention of the Management that there was no demand. WW-1 has stated that two demands were sent as per Ex. M-1 and M-2 and for which no reply has been sent. Even MW-1 admits that Ex. M-1 and M 2 are received by him. A perusal of Ex. M-1 and M-2 would show that the claimant has clearly brought to the notice of the Management that the action in terminating claimants services is illegal. In Ex. M-2 the Association has clearly demanded the reinstatement of the claimant. MW-1 does not remember if any reply is sent to Ex. M-1 and M-2. In view of this evidence, I feel that the claimant's contention has to be accepted that they have made a demand before the reference was made to this Court and that they have received no reply by which one has to infer that the demand in Ex. M-2 has not been accepted by the Management. Therefore in the eye of law there has been a demand and an Industrial dispute on the date of reference. Hence it would be futile to contend that this Court had no jurisdiction.

6. The fact that a chargesheet as per Ex. M-6 has been issued to which an explanation as per Ex. M-7 is received is practically admitted. Even the fact that the witnesses for the management have been examined and their evidence is recorded as per Ex. M-9 to M-15 and that the claimant had opportunity to cross examine all these witnesses is practically admitted. Ex. M-8 and Ex. M-18 show that the claimant has been examined both before the commencemenf of recording evidence and after the evidence for the Management was recorded. I also find that two witnesses for the defence have been examined as M-16 and M-17 and on the basis of this finding, the

enquiry Officer has given a finding as per Ex M-19 which also contains the order of dismissal. Ex M-20 in this case is the order-sheet maintained by the enquiry Officer which show that the representative or the claimant have signed on each days proceedings The person who held the enquiry is one Shivanagi who is examined as MW-1 in this case. This officer has been employed by the Managing Agents in Ex. M-5 to issue chargesheet and also to impose punishment. The main grievance of the claimant is that Ex M-22 which is the basis for the issue of chargesheet Ex. M-6 had not been furnished to the claimant. In evidence MW-1 has stated nothing to the effect that he was not furnished with a copy of Ex. M-22. On the other hand MW-1 has clearly stated that he had furnished a copy of Ex. M-22 to the claimant. I have to believe the evidence of MW-1 in this regard particularly when there is no evidence on behalf of the claimant to show that he did not receive a copy of Ex. M-22. His allegation in the claim statement has remained only an allegation. The only other fact in this regard is that Ex. M-22 marked in this court had not been exhibited as an exhibit in the enquiry proceedings. That by itself doesn't vitiate the domestic enquiry, nor does it go to show that a copy of Ex M-22 was not furnished along with Ex. M-6, particularly when MW-1 has sworn to this fact. Hence there is no force in the contention that the enquiry proceedings are vitiated for not furnishing a copy of Ex. M-22 to the claimant.

7. The other contention is that the findings is perverse. The charge as per Ex. M-6 is that the claimant went round the Cost Accounts Department and coeced ladies there to wear protest badges distributed by him and when they refused to do so he threatened them with dire consequences when they went out of the factory and that he along with few others followed the ladies and teased them and used indecent language towards them on their way home. On perusal of Ex. M-19 I cannot come to the conclusion that the findings are perverse. For every finding the enquiry Officer has given reasons and to come to conclusion that the his conduct alleged are proved, he has depended on a valid evidence recorded in the presence of the claimant. The claimant coming to Cost Account Dept has been proved from the evidence of the witness examined for the Management That evidence clearly shows that the claimant had no business normally to come to the cost accounts Department and particularly on 17th March 1965. The Enquiry Officer therefore rightly depended on the evidence of witnesses for the Manrgement to come to the conclusion that the person who had no work in the Cost Accounts Department was found loitering in the Cost Accounts Department. He has also taken into consideration the evidence of two defence witness and reasoned out that their evidence will not help the claimant to hold that he had not at all come to the Cost Accounts Department. His reason is valid as he has stated that after the

coffee time in the Department where the claimant was working, he might have come to the Cost Accounts Department during coffee hours of that Department. The evidence of defesnce itself will how that the Coffee supplier would go from one Department to another Department to supply the Coffee. Therefore it might be probable that the coffee was served in the Accounts Department after it was served in the Dapartment where the claimant was working. Hence loitering has been amply proved from the valid evidence that was recorded by the enquiry Officer.

8. Even with regard to the intimidisation to the ladies, there is enough material particularly from the evidence of the ladies witnesses examined in the enquiry. Their evidence remains unchallenged. All of them have stated that this claimant came to the Department and asked them to wear Badges and on their refusal he threatened them that they would face dire conseque ces. Since this aspect is not at all challenged in the crossexamination, the enquiry Officer has rightly come to the conclusion that the intimidisation and the lady employees is proved. Hence I cannot come to the conclusion that the findings of the enquiry Officer are in any way perverse.

9. Even with regard to the claimant and few others following the ladies and teasing them and using indecent language, there is valid evidence of one Smt. Shanta and Vijaya Kulkarni. Both of them have stated that on 1-8-75 when they were g ing with another lady employees, this claimant and few others not known, to them have followed them upto 18th Cross. In the evidence it is stated that Vijaya Kulkarni took a turn in the 18th Cross and thereafter she was not followed by any of these workers. The evidence of Shanta before the enquiry Officer discloses that these persons followed her upto 13th Cross and that they were using indecent language. Therefore I feel that this aspect is also based on valid and sound evidence. Hence I cannot agree with the claimant that the findings of the enquiry Officer is perverse.

10. The other claim is that this action is an act of victimisation and that he has been chosen because he was a joint Secretary of the Association and this action is counter to the peaceful agitation run by the Union. It is no doubt true that the claimant was a Joint Secretay of the Association. It is also fact that from 17-3 61 there was a demand week. The evidence recended by the enquiry Officer shows that badges were distributed to all the employees by the claimant and further at the time office or at the gate some were wearing these badges while some others particularly ladies were not wearing them. The mere fact that the misconduct is committed during the protest week or the demand week does not absolve the claimant and to claim protection as General Secretary. When there is material to show that he had tried to intimidisate the lady employees, even the fact that he was the General Secretary of the Union at that time does not give

him immunity from the misconduct that is proved. Therefore I can not agree that it is a case of victimisation.

11. The other ground urged is that the enquiry and the punishment is contrary to Standing Orders. This is an additional plea the claimant has taken. According to him the standing orders governing the claimant is the Model Standing Orders under the Industrial Employment Standing Orders Act of 1946, and not the old Standing Orders under the Mysore Labour Act. This plea has been permitted to be raised by the claimant. The claimant has relied on the evidence of MW 1 and Ex. M-22 to contend that the claimant is to be governed by Model Standing Orders under the Act of 1946. Ex. M-21 shows that this Standing Order was certified under the Mysore Labour Act 1942. Ex. W-3 is the standing Order which shows that it has been certified by under the Industrial Employment Standing Orders Act 946 as modified by the Appellate authority on 13-2-1969. Ex. W-3 shows that this was certified on 4-5-1964. The enquiry has been concluded and finding has been given as per Ex. M-19 on 3-8-1965. Therefore on the date the enquiry was concluded the standing Order as certified under the Act of 1946 which is marked as Ex. W-3 in this case was applicable to the claimant. Hence there is no force in the contention that the Model Standing order is applicable and not Ex. W-3. Even if Ex. M-21 is not made made applicable on the ground that it was not certified under the Standing Orders Act 1946, it would definitely be governed by Ex. W-3 Ex M-21 would be applicable because any Standing Orders certified under the Mysore Labour Act 1942 would continue to be the Standing Orders till it is Certified under the Act of 1946. Hence the claimant can not contend that the Model Standing Orders is applicable to him.

12. I also see no force in the contention that Sri Shivanagi MW-1 in this case had no authority to impose punishment. It is no doubt elicited that he was not appointed as General Manager. The evidence of MW-1 shows that there was General Manager at all. WW-1 has not sworn that there was General Manager at any time for this Respondent. MW-1 has stated that the Managing Agents was the Appointing Authority. Ex. W-3 clearly shows that the Appointing Authority is the Manager and it also provides that where there is no Manager, the employer can deligete authority. In view of the evidence of MW-1 that there was no Manager and that the Managing Agent was the appointing authority, Ex. M-5 which is the authority given by the Managing Agents to MW-1 clearly invests him with powers of Manger. Therefore there is no infringement of the Standing Orders in Ex. M-21 or Ex. W-3.

13 The only question now for consideration is whether the punishment is disproportionate, having regard to the gravity of the misconduct proved and particularly when it relates to modesty of

lady emilyees. I feel that the Management is well within the powers to impose punishment of dismissal. I shall not express any opinion about the 2nd domestic enquiry because in perseverance to that finding, no order of dismissal has been made. Hence I fully agree with the Management that the punishment imposed is quite fitting with the gravity of the misconduct proved in this case. In view of this finding there can be no hesitation to come to the conclusion that the termination of the claimant's services is quite justified and that is my finding on the last point of dispute referred to me. In view of this finding on the last point of dispute, the claimant would not entitled to any relief. No Costs.

The draft of the reciprocal agreement which the Government of Karnataka propose to enter into with the Governments of Andhra Pradesh, Kerala, Maharashtra, Tamilnadu and the Union Territories of Pondicherry and Goa for operation of Public Carriers on the inter-State routes of the aforesaid States, is hereby published as required by sub-section 3(A) of Section 63 of the Motor Vehicles Act, 1939 (Central Act 4 of 1939) for the information of all persons, associations and authorities likely to be affected thereby and notice is hereby

given that the draft will be taken into consideration by the Commissioner for Home Affairs and Secretary to Government of Karnataka, Home Department, on 12th April 1978 at 11-00 A.M. in his Chambers in Vidhana Soudha, Bangalore-1.

'Any representation which may be received from any person, association or authority in connection with the said draft agreement before the date specified above will be considered by the Commissioner for Home Affairs and Secretary to Government of Karnntaka, Home Department, Bangalore-560 001.

Draft Reciprocal Agreement for public carriers between the States of Andhra Pradesh. Kerala, Maharashtra, Karnataka, Tamilnadu, Pondicherry and Goa.

This Agreement made this.....day of.....in the year one thousand nine hundred and seventy, eight between the Governor of Andhra Pradesh of the First Part, the Governor of Kerala of the Second Part, the Governor of Maharashtra of the Third Part, the President of India for and on behalf of Government of Karnataka of the Fourth Part and the Governor of Tamil Nadu of the Fifth Part, the President of India for and on behalf of Union Territory of Pondicherry of the Sixth Part and President of India for and on behalf of the Union Territory of Goa, Daman and Diu of the Seventh Part.

Whereas by an agreement dated the 23rd September, 1977 between the parties of the First, Second, Third, Fourth, Fifth, Sixth and Seventh Parts have enterd into a reciprocal agreement with a view to encourage long distance inter-State transport of goods by and between the said States on the terms and conditions set out in the said Agreement;

And, whereas, the said Agreement expires on 31st March 1978;

And whereas by mutual agreement, the parties hereto have agreed to modify the terms and conditions of the said agreement dated the 23rd September, 1977 and have decided to enter into a fresh agreement as herein contained, in modification of the existing agreement dated the 23rd September, 1977...

It is now agreed by and between the above parties as follows:—

I. That this Reciprocal Agreement shall be in force from the 1st April, 1978 and shall be valid upto the 31st March, 1981. It may be renewed for such further period as may be mutually agreed to by all the parties concerned. For reasons to be given in writing by any of the signatory States, this Reciprocal Agreement may be revoked on three month's notice. Such revocation shall, however, abridge and modify the operation of this Agreement only in so far as it relates to the withdrawing State subject to the condition that permit

already issued under this Agreement will continue to be valid till the expiry of these permits irrespective of withdrawal by the State or States from this Agreement.

II. The total number of the vehicles for which composite permits shall be issued shall not exceed 500 for each of the States of Andhra Pradesh, Kerala, Tamil Nadu, Maharashtra and Karnataka, and 100 in the case of Pondicherry and 120 in the case of Goa.

The composite permit issued by the competent Transport Authority of each signatory State shall be valid.

(i) on any route or area in the Home State subject to local restrictions ; and

(ii) on the specified routes and areas in the other signatory States chosen for operation as mentioned in the Schedule annexed hereto (Annexure VI).

The composite permits shall also be valid such other National Highways and State Highways as may be notified from time to time by the Union Government or the State Government concerned.

It shall, however, be open to any public carrier plying under such authorisation to deviate from the specified routes to the extent not exceeding 30 kms on either side of the specified routes.

The competent Transport Authority shall also issue each of such permit holders an authorisation in the form annexed to this Agreement and such authorisation shall correspond to the period for which the advance payment has been received provided that the authorsation at one time shall not exceed a period of one year.

III. Public carrier operating under this Agreement shall be free to operate without restriction of routes in the Home State whereas while operating in any area outside the Home State such a public carrier shall not pick up or set down goods between any two points lying wholly within the jurisdiction of any one of the reciprocating States, *i.e.*, in such cases vehicles shall be prohibited from carrying any intra-State business.

IV. (i) Each applicant for a composite permit shall have to choose a minimum of five States, that is, the Home State and any four other States out of the remaining six for operation with effect from the date of this Agreement.

(ii) If a composite permit holder chooses to exclude a contiguous State for operation through which his vehicle must have to pass to reach any other State chosen for operation within the Scheme, the holder of the permit shall have to pay full taxes to the "transit State" unless otherwise exempted.

(iii) A composite permit holder of a State shall be allowed to operate in any other State, separately covered under a bilateral agreement, but the vehicle covered by a composite permit scheme shall not be allowed to be operated under the bilateral agreement in any of the States covered by the South Zone Permit Scheme

(iv) An option once exercised by a composite permit holder will not be allowed to be changed before a period of one year.

V. A public carrier operating under this Agreement shall be subject to the follwing limitations and restrictions :—

(1). No vehicle may be authorised under this Agreement which .—

(a) has a RLW less than 10,000 kgs or exceeding 16,000 kgs in the case of a rigid chassis vehicle and in the case of an articulated vehicle or a tractor-Trailer, combination has a RLW less than 10,000 kgs or exceeding 20,000 kgs inclusive of the trailer ;

(2) A public carrier plying under this Agreement shall at all times cafry a bill of lading in the form prescribed in the Schedule annexed (Annxures III) Carriage of goods not in conformity with the declaration in the bill of lading shall be construed as infringement of the condition of the permit making the permit Holder liable under Section 60 of the Motor Vehicles Act, 1939.

(3) Such vehicles shall conform to and comply with all provisions of the Motor Vehicles Act, 1939 and all the laws in force from time to time in the Home State governing Motor vehicles.

(4) The certificate of fitness of such a vehicle shall be liable to be suspended or cancelled by the competent authority in the Home State, if it is found to be not in conformity with the provisions relating to fittings, colour and body specifications as detailed in the Scheduled annexed hereto (Annexure V).

(5) An authorisation holder under this Agreement shall file a quarterly return in regard to such a vehicle in the form prescribed as detailed in the Schedule annexed hereto (Annexure IV) in quintuplicate to the Secretary of the State Transport Authority of the Home State who in turn shall forward copies thereof to the Secretaries, State Transport Authorities of the other signatory States.

(6) Such a vehicle shall at all times carry :—

(a) a valid certificate of fitness ;

(b) a certificate of registration ; and

(c) bill or bills of lading covering goods actually carried in the vehicle at the moment.

(7) Such a vehicle shall at all times carry a valid authorisation in the form as detailed in the schedule annexed granted under this Agreement and issued under the signature and seal of the competent Transport Authority of the Home State.

VI. A vehicle plying under authorisation issued under this special Reciprocal Agreement may be stopped and inspected for the purpose of enforcement of the provisions of this Agreement by an officer of the rank not below the rank of Assistant Inspector of Motor Vehicles or Sub-Inspector of Police or any other officer whose rank is mutually agreed upon by the signatory States. Such an Inspecting Officer shall issue a check report in triplicate, one copy of which shall be served on the person incharge of the vehicle, the second copy shall be sent to the competent Transport Authority of the Home State and third copy sent to the competent authority of the State concerned. The competent Transport Authority of the Home State on receipt of the copy of the check report may take such action as he may deem fit.

VII. (1) A composite permit holder plying under such an authorisation shall be liable to pay an annual tax of a sum of Rs. 700 per vehicle in respect of the State of Andhra Pradesh, Kerala, Maharashtra, Karnataka and Tamil Nadu as the case may be (excluding the Home State), and Rs. 150 per vehicle per annum in respect of Pondicherry and Rs. 150 per vehicle per annum in respect of Goa in addition to the Motor Vehicles Tax and the Goods Tax, if any, of the Home State, This sum shall be paid in advance on or before the 15th March every year irrespective of the RLW of the vehicle. For this purpose, all the signatory States shall make suitable notification under their Taxation Acts. Each signatory State shall appoint the designated competent authority of all other signatory States as a tax receiving agency on their behalf and such competent authority shall ensure the receipt of this tax and stamp and endorse the authorisation to that effect. Any vehicle plying under such an authorisation in the absence of such a valid endorsement shall be deemed to be plying in contravention of the conditions of the permit and shall be liable to suspension and cancellation of the permit under Section 60 of the Motor Vehicles Act, 1939.

(2) Notwithstanding that the tax is required to be paid for the whole year in advance as per sub-clause (1) above, the owner of a vehicle may, at his option, pay the tax in two equal instalments, the first on or before 15th March (every year) for the first period April-September and the second instalment on or before 15th September (of the current financial year) for the period October-March and obtain

endorsement of having paid this tax from the competent authority of the Home State in the certificate specified in Annexure-II.

(2A) A composite permit holder shall be required to pay a fee of Rs. 300 per year per vehicle for grant of an authorisation irrespective of the number of States chosen for operation. This sum shall be paid in advance in full irrespective of whether the authorisation is granted at the commencement of a financial year, or after the commencement thereof, by Bank Draft to the competent Authority of the Home State who will retain the amount.

(3) If the vehicle covered by the authorisation is kept under non-use for a period of six months at a stretch and 15 months in all its permits shall be liable to be cancellad. The Home State where the permit was issued will be deciding authority in such cases.

(4) If an operater does not pay his composite tax within the prescribed period, he shall be liable to pay, in addition to the composite tax of Rs. 700 an additional sum of Rs. 25 per month or part thereof for each of the States of Andhra Pradesh. Kerala, Maharashtra, Karnataka and Tamil Nadu in respect of which the payment is delayed and Rs. 2 per month or part thereof for each of the States of Pondicherry and Goa. The said amount shall be payable through crossed Bank Drafts in the name of the designated authority of the State conecrned and shall be sent by the State concerned as and when received. The operator would also be liable to pay any other penalty for delay in payment of Home State Taxes that might be imposed by the Home State under its own rules

(5) If the initial authorisation is issued at any time after the first quarter of the financial year, the tax shall be assessed on prorata basis for the remaining quarters of the financial year including the quarter for which the authorisation is granted. For this purpose, a quarter shall be taken as unit and not months and days.

(6) If the vehicle covered by the autorisation is sought to be replaced by another suitable vehicle after prior permission of the authority which originally granted the permit. the registration mark of the replaced vehicle may be noted by the Home State Transport Authority in the authorisation and the tax already paid shall be deemed to have been paid for the replaced vehicle for the period following the date on which the vehicle is replaced.

VIII. The competent authority of the Home State shall receive the taxes on behalf of the other States as the case may be in the form of crossed Bank Drafts. These Drafts shall be made payable in the name of the designated authority of the State concerned and shall be sent by the Home State to the State concerned as and when received along with a statement showing the details of the vehicle number, crossed Bank Draft number and date and amount, period for which paid, etc.

A vehicle plying under this Agreement shall not be liable to pay any tax, fee or other levy other than the Home State Motor Vehicles Tax, Goods Tax, if any, and the Home State fees and the tax and levy referred to in para VII (1) and VII (4) above.

(Government Order No. FCL 1273 LLD 72, dated 20th November 1972)

AWARD.

In exercise of the powers conferred under section 10 (1)(d) of the Industrial Disputes Act, 1947, the State Government has issued Government Order No. FCL 1273 LLD 72, dated 20th November 1972 referring the following points of dispune for adjudication by this Tribunal :

"(1) Are the workmen of Mysore Chemical Manufactures Limited, Tambanahalli, Chickbanavar, Bangalore North, Bangalore Districts, justified in demanding classification and scales of pay including D.A under Group I Factories as per recommendations of Central Wage Board for Heavy Chemicals and Fertilizer Industries with effect from 1-4-1968 ?

(2) If not, to what other relief they are entitled ?"

2 The First Party states as follows :—The II Party Company started about 30 years ago with a meagre Paid-up Capital of Rs. 3 lakhs for manufacturing copper sulphate, sulphate of Alumina, etc., has been making enormous profits and declaring dividends from 5% to 30% every year taking full advantage of the Government of India's policy restricting imports to conserve foreign exchange and at the same time, to encourage local manufactures to produce various types of heavy chemicals required for commercial use in the country. The II Party Company being a pioneer in the Karnataka State has been catering to the growing needs, particularly of coffee growers. But the II Party has been adopting third degree methods to diprive

workers of their legitimate rights to enjoy benefits arising out on recommendations of the Central Wage Board for Heavy Chemicals and Fertilisers Industries. Though the recommendations were accepted, the II Party has partially implemented the same in the month of July 1969. The II Party drew up a settlement and obtained the signatures of the workers on the same on 20th August 1969. The members of the Staff refused to accept the payments mentioned in the alleged settlement. But a few workers, who were assured of proper classifications and substantial payment, commensurate with their service and output, attested. The II Party has obtained the signatures of the workers, most of whom are illiterate, by misrepresenting facts. Appointment letters were issued to the workers stating that they are provided with free quarters, electricity, water, etc. The quarters provided to the workers are not constructed as per the Housing Board's specifications. As per the alleged settlement, the II Party started deducting house rent, electricity charges, etc., from the total wages paid, reducing the basic wages and enhancing the rate of D.A. with the result, the workers lost considerable portion of their basic wages. The provisions of Section 9-A of the Industrial Disputes Act were not complied with while effecting deduction in basic wages. Thus, there is no valid and effective termination of conditions laid down in the appointment letters. When the workers protested against deduction of house rent, etc., and requested restoration of basic wages, the II party refused to restore basic wages and even threatened the workers with dire consequence. Without any provocation, the II party declared lock-out on 18th February 1970. The lock-out was lifted on 27th February 1970 due to the intervention by some members of the Local Bodies. Since the II party failed to restore the illegal deduction in wages, the I party submitted a demand on 10th August 1970 demanding that all workers should be given the scales recommended by the Central Wage Board for Class-I factory with effect from 1st April 1968 and the workers should be classified in consultation with the Association. The II party has only orally agreed to implement the recommendations for Class-I factory with retrospective effect as and when the position improves. But the II Party complied with the criteria laid down by the Central Wage Board for Class I factory and is bound to implement the recommendations of the Wage Board both in regard to wage structure and classification. The I party also filed an Annexure showing how the introduction of the wage scales and classification of the workers is to be done.

3. The II Party filed Objection Statement raising the following contentions :—

(i) The Central Wage Board recommendation divided into two groups heavy Chemicals and Fertiliser for implementation of its recommendations. The II Party falls under Group II being a technologically handicapped factory and a small unit, where the

existing level of minimum total wage paid to an unskilled worker is less than Rs. 100. The II Party has accordingly revised, to the extent possible, the pay scales, etc., as recommended and made applicable to Group II factories. The I party is not entitled for implementation of the recommendations as applicable to Group I Factories. After the Wage Board's recommendations were implemented by the II Party, the employees were fitted into grades, after classification of workers into grades, taking into consideration the qualification, experience, etc., Weightage in the shape of advance increments have also been given. While adopting the scales recommended by the Wage Board, the total remuneration was split up as per Wage Board's recommendations into basic wage or salary and D. A. As a consequence thereof, the basic salary got reduced and the D A. increased considerably. But the total pay packet was much more than what they were getting earlier. The reduction in the basic wages is the result of the Wage Board's recommendations being implemented. The workers have accepted all the arrears and benefits under the implementation and the present demand raised after so many years, is malafide. The I Party's proposal found in the Annexure to its claim Statement is erroneous in several respects. The I Party is not entitled to any relief.

4. The I Party filed its Rejoinder.

5. In addition to the points of dispute schedule in the order of Reference, the following issues as arising out of the pleadings have been framed :—

"1. Do I party-workmen prove that the II party-Factory falls under Group-I Factory ?

"2. Do they further prove that the II Party-Management orally agreed to implement the recommendation of the Wage Board applicable to Class-I Factory with retrospective effect as and when their financial position improves ?

3. Do they further prove that the financial position of the II Party is sound to implement the recommendation of the Wage Board as applicable to Class-I Factory ?

4. Do they prove that they are entitled to classification of workers as per the Annexure to their statement and also for the introdution of wage scales recommended by the Central Wage Board for Class-I Factory with effect from 1st April 1968 ?

OR

Does II Party-Management prove that their Factory falls under Group-II Factory, that they have implemented the recommendation of the Wage Board applicable to Group-II Factories after negotiations with the Bangalore Chemical

Workers Union under the leadership of Sri U. S. Venkataraman?

5. Does the Management further prove that the employees having accepted all the arrears and the benefits under the said implementation cannot put forward the present claim and that their claim is malafied ?

6. Does the II Party-Management further prove that the claim of the I Party is unfounded, untenable and is barred by the settlement already entered into ?

7. Do I Party-workmen prove that Messrs. Ranga, Basava and Nazir mentioned in the Annexure are even now under the employment of the II Party ?

8. To what reliefs, if any, are the parties entitled?

9. What Awards?"

6. *Issue No. 1*—This is how the Central Wage Board for the Heavy Chemicals and Fertilizers Industries has grouped Heavy Chemicals and Fertilizer factories for purposes of implementation of its recommendations ip Chapter VII of its Report (1968). The Wage Board has divided such factories into two groups and has proceeded to state as follows—

"..... Group I comprises of Heavy Chemiclas and Fertilizer units other than

(1) technologically handicapped factories manufacturing only single super-phosphate or calcium carbide and do not form part of mixed companies, and

(2) small units where the existing level of the minimum total wage payable to an unskilled worker is less than Rs. 100 on the date of implementation of the Report.

Factories enumerated as (1) and (2) will fall under Group II"—(See page 124).

7. The first question to be decided is whether the II Party falls in one or the other group of factories with reference to the conditions that are required to be fulfilled.

8. It is urged by the II Party that condition No. 1 extracted above is fulfilled for the machinery used by the II Party is all old, *i.e.*, not the new or the sophisticated type, and that the II Party manufactures only a single chemical and is not a Part of a mixed companies.

9. As regards the machinery used by the II Party, it is urged by the I Party's counsel that as per the Balance Sheets at Ext. M-7, ever since 1938, depreciation is being given every year for the value of the machinery bringing its present value down to "nil" and that, therefore, there is every reason to believe that new machinery must

have been installed and that in any way, the II Party has sufficient surplus profits for purchase of new machinery.

This submission on the part of the I Party may not be of much avail when it is not shown that actually such new and sophisticated machinery has been installed. But there is no evidence on behalf of the II Party that the machinery installed was itself not the latest and the best available at the time of its installation and that over the years, new and sophisticated machineries have been offered for sale by manufacturers. At any rate besides owning its own Coffee Estates, for which its own fertilizers are being used, the II Party is owning an Alum Manufacturing Pant at Pelagula. The II Party, therefore, forms part of Mixed Company. This fact was not seriously disputed by the II Party's counsel. When this is so, the question as to whether the machinery is old as contended by the II Party would pale into insignificance and becomes irrelevant for all the condition mentioned in Clause (1) extracted above are required to be fulfilled, before a factory pass into Group II.

10. Even as regards Clause (2) extracted above, there is no dispute that the minimum total wage payable to an unskilled worker by the II Party comes to more than Rs. 100, if the Interim Relief given as per the Wage Board's recommendations at Rs. 12-50p per month were to be added. There is no substance in the submission of the II Party's counsel that the Interim Relief amounts should not be added. Para 5.60 of the Wage Board's recommendations says that "the existing wage shall be deemed to be the total of the existing basic pay and dearness allowance of the consolidated wage as on the date of implementation and the Interim Relief or payment, if any, paid or payable on the recommendations of the Wage Board." I, therefore, hold that the II Party falls under Group I Factory according to the Wage Board's specifications.

11. It is urged by the II Party on the strength of Ext. W-9 letter dated 15th January 1968 of the Government of India, Directorate General of Technical Development, Acids & Fertilisers Directorate, saying that—

> "..... consequent on the revision of the definition of small scale industries whereby industrial units with a capital investment upto Rs. 7.5 lakhs in terms of plant and machinery (excluding land and buildings) are termed as small scale units, it has been decided by the Government in the Ministry of Industrial Development and Company Affairs (Department of Industrial Development) that all such units coming within the scope of the revised defination should in future be looked after by the respective State Director of Industries.

In view of the above decision, your industrial undertaking, under the name and style of M/s Mysore Chemical Manufactures Ltd.,

Bangalore for the manufacture of Acids, Alum and Copper Sulphate etc., is hereby transferred to the care of the Director of Industries, Bangalore....."
The II Party has to be treated as a Group II Factory.

12 Ext. W 9 letter of the Government of India has hardly any bearing. The assignment thereunder to the State Director of Industries is only for the purpose making available the necessary raw and material and power for the running of the II Party's Factory. Ext. W-9 letter of the Director of Industries cannot have the effect of modifying the Wage Board's specifications in clauses (1) and (2) extracted above. It is also to be borne in mind that II Party is not one of the industries named in Annexure VIII of the Wage Board's Report as excluded from the purview of the Wage Board. It cannot be urged by the II Party's counsel that the II Party was not mentioned in the list at Annexure VIII of the Wage Board's Report due to an oversight. I, therefore find under Issue No. 1 that the II Party falls under Group I Factory.

13. Issues Nos. 2 to 6:—The controversies which are covered by these issues are the several facets of one and the same contention, namely, whether the II Party having implemented in Ext. M-3 Agreement dated 20th August 1970, The Wage Board's recomendations on the basis that the II Party falls under Group II Factory, the II Party is not entitled to raise any contentions to the contra. This submission on the par of the II Party is not sustainable since Ext. M-3 is not a Settlement which fulfills the several conditions prescribed in Rule 59 and in particular, sub-rule (3) thereof, of the Rules framed under the Industrial Disputes Act.

14. The II Party, is also not entitled to contend that the State Government not having referred the validity of Ext. M-3 Agreement for adjudication by this Tribunal, this Tribunal is not entitled to go into the said question. When the II Party relies upon Ext. M-3 Agreement as a bar, it is the duty of the II Party to show that Ext. M-3 Agreement is in accordance with law. Otherwise, the II Party will also be faced with the difficulty that it cannot press Ext. M-3 Agreement into service because the State Goverement has not referred to the same while setting out the points of dispute for adjudication.

15. The other submissions of the II Party regarding its financial position is also untenable for the Balance Sheet for the years ending 31st March 1971 (at page 20) shows that except during the year 1945-46, for all the remaining years till 1970-71: the II Party has been making big prouts and paying dividends ranging from 10% to 30% The II Party, therefore, cannot contend that it is not financially able to implement the Wage Board's recommendations as applicable to a group I Factory. These issues are held in favour of the I Party.

16. Issue No. 7 :—No submissions having been made regarding the dispute covered by this issue, no finding need be given thereon.

17. Issue No 8 :—It follows from the preceding issues that the reliefs on the basis that the II Party is a Group I Factory are to be granted.

18. Issue No 9 :—An Award is passed accordingly.

AWARD

This is a complaint under Section 33A of the Industrial Disputes Act. The Complainant is an employee of the Respondent Company. The following are the avernments of the complaint. He had joined service on 16th July 1962. A promotion which was due to him had been denyed. He moved the Labour Court in reference No. 82 of 1969 in this matter. During the pendency of that reference the promotion he had asked for was granted to him. He had asked for scales of pay which one Sri Balaram was getting as Goods Inward Assistant when the said Balaram had been transfered from that place and the Complainant had been directed to discharge those duties. His request was not complied with. The matter went through the process of conciliation and the reference was made by the State Government for adjudications and it is registered as A.I.D. No. 1 of 1975 on the file of this Tribunal. During the pendency of this reference a false chargesheet was put up on 22nd April 1976 for violation of Certified standing Order 21(c). An enquiry was set up. Two officers were appointed as enquiry officers. In addition a representative of the company was allowed to present the case of the Management. The Complainant requested that assistance of an office bearer of his Union may be permitted to him. This was not granted. An *ex-parte* enquiry is held. He was asked to make good the value of the shortage. The company filed an application befere the Industria Tribunal on 24th July 1976 before which also a reference was pending. The complainant was not concerned in that Dispute so that application was not maintainable and it was held to be so. There is breach of section 33 of the Industrial Disputes Act, breach of provisions of the Certified Standing Orders in appointing two members to conduct enquiry. In allowing a representative of the Management to examine witnesses and is not allowing a representative of his union to represent him. And that on the merits of the allegation there was no case for the Management as according to the existing procedure and practice whenever there is short supply the employers collect it from the suppliers and that the Barrel had been opened in the absence of the complaimant in spite of his instructions not to do so. The Company was not *bona-fide* in taking action against the complainant. It is a case of victimisation and un-fair labour practice and there has been discrimination in awarding the punishment of dismissal.

2. Respondent filed, objections:—The material avernments are that it was not True that the complainant had been posted in place of Sri Balaram. The complainant could not hold the place of Sri Balaram when he was only a clerk. He had not complied with the grievence procedure. The complainant had not participated in the enquiry and therefore it had to be proceeded with *ex-parte*. He was not allowed the assistance of a person of his association as such person was not an employee of the Respondent Company and therefore the assistance had been rejected. There is no want of

Bonafides and breach of practice and procedure, victimisation, unfair labour practice and discrimination as alleged. The rest of the things are admitted.

3 On the basis of the above pleadings the following issues were framed :—

"(1) Whether the complainant proves that there has been violation of the provisions of Section 33 (2) (b) of the Industrial Disputes Act, in not seeking the approval of the order of dismissal of 24th July 1976.

(2) Whether the proves that the enquiry is violative of principles of natural justice, *mala-fide* and an act of victimisation, unfair labour practice.

(3) What orders if no."

4. The complainant has examined himself and closed his case. Several documents were marked for him. The Respondent chose to absent himself. Sri K. P. Sachidanath had appeared for the complainant.

5. It can not be disputed that a reference was pending before this Tribunal in A. I D. 1 of 1975 which was at the instance of the complainant, as a matter of fact that the Respondent admits the pendency of such a reference. The enquiry culminating in the dismissal of the complainant on 24th July 1976 has taken place during the pendency of A. I. D. 1 of 1975. Under Section 33 ( ) (b) an application had to be made by the employer seeking approval of the action taken by the employer It can not be denied that the complainant was concerned in reference No. 1 of 1975, as that Industrial Dispute had arisen solely at his instance. It can not be said that he is not interested in it. The failure of the Respondent in not complying with the provisions of the proviso to section 33 ( ) (b) of the Industrial Disputes Act. in not making an application to the Tribunal for approval which had to synchronise with the order of the dismissal is obvious and the complainant had to succeed on this score itself. My find therefore on Issue No. 1 is in favour of the complainant.

6. The complainant has examined himself. He has sworn to the facts which have been enumerated by him in the complaint in respect of his joining service, the reference before the Labour Court regarding his promotion. He has further spoken in respect of the enquiry. He had objected to two officers being appointed as enquiry officer. He has adverted to the amendment to the Model Standing Orders published in Gazette of India part-2. Section-3 page 8047 dated 5th July 1975. They are available in Ext. C-4 dated 10th May 1976. Ext. C-5 dated 13th May 1976 is another representation made to the enquiry officer. Besides other things he had wanted an office-bearer of his Union to defend

him in the enquiry. He has made some aspersions on the conduct of the personal officer who had represented the company. Ext. C-10 is a copy of the proceedings dated 12th May 1976. It shows that the prayer to have a representative of his choice to defend him in the enquiry was not granted but that he was permitted to take the assistance of his co worker who is a union representaseve. This apart the enquiry officers have not examined the witnesses before them. The witness is allowed to file a written statement. Ext. C-15 dated 27th May 1976 is a submission which had been made by the complainant to the enquiry officers. Therein he has alleged that his request to get a co-worker or one of the office bearer of his union to defend him. Ext. C-16 dated 31st May 1976 shows that the complainant had agian requested to enable him to engage a representative of his association and he had wanted to know the orders of the enquiry officers in that respect. Ext C-17 dated 1st June 1976 shows that he had made some allegations against Sri Somashekar styling. him as virtually conducting the enquiry himself. Under Ext C-19 dated 9 h June 1976 a showcause notice is issued to the complainant regarding proposed punishment of dismissal and making good the loss on account of short supply. On 2nd June 1976 the complainant is placed ex-parte and on 24th July 1976 an order of dismissal is communicated to him.

7 Since the Respondent remained absent it is not possible to know their stand. The enquiry proceedings any way are not before this Tribunal. Standing Order 19 of the company enables the Manager or any officer specially empowered by him to hold the enquiry, It is not known whether the term Manager refers to the factory Manager or there was a Manager in addition to factory Manager. Any way the appointment of two persons as enquiry officers is a bit intriguing. Standing Order 19 may not be enabling them to appoint any such two persons. Any one person was sufficient, what prompted the factory Manager to appoint two persons as enquiry officers is not easily intelligible to me. The complainant had asked for services of a representative from his Union. This has not been granted A perusal of the Standing Orders of the company does not disclose that there was any such prohibition. The complainant says that he was not a member of local union of workers. It would not be proper then to ask the complainant to take the assistance of that union or a co-worker who is a member of that Union. The complainant has brought to the notice of the enquiry Officers about the recent amendment to the Model Standing Orders published in the Government of India Gazette dated 5th July 1975 which shows that an office bearer of the Union of which the worker is a member can appear and defend the worker against whom an enquiry is being held. In the absence of a prohibition in the Standing Order of the company, the enquiry officers would have acted properly had they granted the prayer of the complainant on the analogy of the Model Standing Orders. If they did not do so

necessarily they have prejudiced the defence of the complainant. This apart the enquiry officer who have examined the witnesses in person before them rather than allow a statement prepared by the witness or prepared for him to be marked. The complainant has also alleged that the representative of the Management had taken on him the role of prosecutor and had almost stepped into the shoes of the enqiry officers themselves. Since the Respondent had remained absent we are not in a position to appreciate their verison in this respect. The complainant has also brought to my notice under Ext. C-27 which is a working procedure of Goods Inward Department, in particular to provisions 4.2.7., 4.2.9., and 4.3.3, one is not sure whether all those matters had been taken into consideration. I find that there has been lack of opportunity to the complainant to defend himself. There is therefore violation of principles of natural justice. The order of dismissial is liable to be set aside on this ground also. This is my finding on the second issue.

8. In the Result the complainant succeeds and is entitled to be reinstated. The order of dismissal is hereby set aside, and the Respondent directed to re-instate him and pay the back wages.

9. No cost.

Second Party :—

The Mangement of M/s. Mangalore Sea Foods, Bunder, Mangalore.

AWARD

The Government of Karnataka by their Order dated 12th December 1977 have referred the following points of Dispute for adjudication to this Court :—

Points of Dispute

1. " Is the Menagement of M/s. Mangalore Sea Foods, Bunder, Mangalore justified in terminating the services of Sri Madhavan, former clerk, with effect from 26th December 1974 ?

2. If not, what are the reliefs that the workmen entitled to ?" Both the parties to the Reference were served with notice. The I Party has appeared while the II Party has remained absent inspite of the service of notice.

2. The case of the I party workmen briefly stated is thus :—

The I Party was working as a clerk under the II party Management from August 1969 onwards. During the period of his service

under the II Party, there were no adverse remarks against him as regards his conduct and the duty assigned to him. In December 1973 the II Party Management intimated the I Party that his sarvices would be treated afresh from 1st January 1974 denying him all the benefits which a senior was entitled to get. The said action of the II party was strongly opposed by the I Party workman. The II party was displeased with the I Party on account of his auction in asserting his rights as a worker. Therefore, the II Purty with the ulterior intention to find fault with him issued a notice dated 2nd March 1974 alleging that the I Party was responsible for defalcation of some amounts in collusion with Mohammed Ali who was in charge of the accounts. The said allegation of the Management was denied by the I Party workman and be requested the Management to check the Cash Registers to find out the innocence of the I Party. But without considering the same, the II Party issued an enquiry notice dated 29th August 1974 requiring the I Party to be present at an enquiry to be held on 30th September 1974. The I Party submitted a representation that he may be permitted to engage a lawyer during the enquiry and also to make available the accounts Clerk Mohammed Ali for cross-examination, but the said request was rejected. Thus, the II Party management without giving fair and proper opportunity to the I Party held on enquiry on 18th December 1974 and by its notice dated 19th December 1974 intimated the I Party that his services were terminated with effect from 26th December 1974. The II Party has not held the enquiry in a proper and fair manner and the enquiry officer appointed by the II Party was prejudiced and biased. Thus, the so called enquiry was nothing but a farce. The II Party. Management has failed to establish its charges against the I Party by holding a fair and proper enquiry. In the circumstances the action the II Party in terminating the services of the I Party is illegal. Hence it is prayed that the I Party workman may be reinstated in service with back wages and other benefits.

3. As already stated, the II Party Management has not appeared even though duly served with the notice of the Reference. In other words, the Management has not contested the claim of the I Party workman. The I Party workman in support of his case has examined himself and has produced 10 documents Ex. W.1 to W.10. The evidence adduced by the workman has remained uncontroverted. From the said evidence it is revealed that the Management did not permit the workman either to engage an advocate or to engage any other person of his choice to represent him during the enquiry. From the evidence, it is also seen that the Management also refused to make available the Accounts Clerk Mahammed Ali for the cross-examination. It is, therefore, clear that proper and fair opportunity was not given to the workman during the enquiry and as such the enquiry is vitiated. The Management has not adduced any evidence to show that proper opportunity was given to the workman to defend

himself in the conduct of the domestic enquiry. From the absence of the Management before this Court, it appears to me that they have no objection to set aside the dismissal order. For the foregoing reasons, I hold that the II Party Management was not justified in terminating the services of the I Party workman. Therefore, the I Party workman is ordered to be reinstated in service with effect from 26th December 1974 with backwages and other benefits to which he is entitled. He is also entitled to costs of Rs. 50. An Award is passed accordingly.

Second Party :—

The Management of Karnataka Steel and Wire Products Limited, Harinivas, No. 36 Cunningham Road, Bangalore-52.

Reference ;—Government Order No. SWL 893 LLD 75 dated 3rd January 1976

AWARD

1. The Government of Karnataka in their order No. SWL 893 LLD 75 dated 3rd January, 1976, have referred an industrial dispute existing between the above named parties to this Court for adjudication on the points of dispute noted below :—

"Are the management of M/S Karnataka Steel and Wire products Ltd , Harinivas, No. 36, Cunningham Road, Bangalore-52, justified in terminating the services of Sri S. P. Pai with effect from 1st July 1974 ?

If not, to what relief is the said workmen entitled ?"

2. The First Party filed his claim statement on 20th February 1976, On behalf of the II party only authorisation authorising R and M Associates, Banaglore, to represent the II Party, was filed

on 27th April 1976, but no counter-statement was filed in spite of availing of sufficient time. Further from 22nd March 1977 neither the II Party nor their representatives were present, but remained absent throughout. In the circumstances, I am constrained to proceed under Rule 23 of the Industrial Disputes (Karnataka) Rules, 1957, as if the II Party was present and had been duly represented.

3. The I Party in his claim statement has stated that he was appointed as a Die Pollshing Foreman as per appointment order dated 25th June 1971, He reported for duty on 15th July 1971. His consolidated wages were Rs 525 per month. He was on probation for a period of six months as per the appointment order. He was continued in service after six months and was given an annual increment of Rs. 50 at the end of six months from 1st January 1972. He was also given further increment of Rs. 75 w. e. f. 1st Julv 1972 and a further increment of Rs. 100 w. e. f. 1st July 1973. His services were illegally terminated w. e. f 1st July 1974 without any justifiable reason or Cause. He was previously employed in M/s Special Steels Limited, Bombay and was an experienced person. On account rosy picture painted by the II Party concern. he had left his earlier job and had joined the II Party. As long as one Sri J. G. Vijapure, Works Manager was in II Party, the things were smooth, but after Vijapur resigned, the management took a hostile attitude and all of a sudden I Party's services were terminated w. e. f. 1st July 1974 as per the termination order issued by the Managing Director. The action of the management amounts to unfair labour practice. No charge-sheet was served on him ; no enquiry was held and he was not at all given any opportunity before his termination. Hence the termination of I Party is unjust and illegal. Therefore, he prays for his reinstatement with continuity of service and full back wages.

4. The points of dispute referred for adjudication are taken as Issues in this Reference.

5. The burden was upon the II Party to prove that they were justified in terminating the services of I Party w.e.f 1st July 1974. The II Party has failed to discharge this burden. They simply remained absent. They even did not care to file the counter-statement.

6. On the other hand, the I Party workman got himself examined as W.W.1 and marked Exhibits W.1 to W.6. His evidence is to the effect that he had joined the II Party on 15th July 1971 as a Supervisor on a consolidated wages Rs. 525/- p. m. Before that he was working in M/s Special Steel Ltd., Bombay. When he was employed there, one Mr. Vijapuri, the then Works Manager of II Party, persuaded him to go to Bangalore and join the II Party. At Bombay he had a permanent job. However, because of the rosy picture painted by the II Party he had joined the II Party. He was given an increment of Rs. 50/- after six months he had joined

the II Party. Agáin he had received an increment of Rs 50/- to Rs. 75/- in the year 1972. In 1973 the increment was increased to Rs. 100/-. Though he was supervisor, he was not supervising anybody's work. After the resignation of Mr. Vijapuri, the II Party harassed the workmen. The II Party had never issued any charge-sheet to him; no enquiry was held; but he was terminated as per Ex. W.1. He had issued lawyer's notice as per Ex. W 2. demanding work. Ex. W.3 is the reply notice of the management. He had raised conciliation proceedings as per Ex. W·4. Ex. W. 5 is the management's statement before the conciliation officer. Ex. W.6 is his appointment order. He prayed for his reinstatement with all consequential benefits.

7. I have no reason to disbelieve the evidence of W.W.1 which stands unrebutted and also supported by documents Ex. W.1 to W.6. The burden was upon the management to prove that they were justified in terminating the services of the I Party workman w. e. f. 1st July 1974, but they have failed to discharge the same. On the other hand, the I Party has proved that he was removed from service by the II Party without any valid reason whatsoever. There was no charges alleged against the I Party; there was no enquiry, but the I Party was abruptly terminated from service without assigning any valid reasons. Such an action on the part of the II Party amounts to unfair labour practice and connot be justified. I, therefore, hold that the II Party was not justified in terminating the services of the I Party workman w. e. f. 1st July 1974. It therefore follows that the I Party workman is entitled to his reinstatement with continuity of service and back wages. Hence my award.

AWARD

8. In the result, the Reference is answered as follows: The Management of M/s Karnataka Steel and Wire Products Limited, Harinivas, No. 36, Cunningham Road, Bangalore–52, were not justsfied in terminating the services of Sri S. P. Pai with effect from 1st July 1974. Sri S. P. Pai, I Party workman, is entitled to his reinstatement with continuity of service and back wages. No order as to costs.

Vs.

Second Party :

The Management of Widia (India) Ltd., Tumkur Road, Bangalore-22.

Reference :

Government Order No. SWL 26 LLD 76, dated 27th January 1976.

AWARD

1. The Government of Karnataka in their order No. SWL 26 LLD 76 dated 27th January, 1976, have referred an industrial dispute existing between the above named parties to this Court for adjudication on the points of dispute noted below :—

"I. Are the management of Widia (India) Limited, Bangalore-22, justified in terminating the services of Sri V. Bashkar, I.No. 520 with effect from 9th October 1975 ?

II. If not, to what relief (s) is the said workmen entitled ?"

2. On receipt of reference, it was registered as Reference No. 32 of 1976 and notices were issued to both the parties. The Registered Notice issued to the First Party duly served on him. Then on 25th February 1976 the I Party has filed memo of authorisation authorising one Sri H. Basava Raju, Advocate and President of Trade Unions of Metro-malleable Manufactures (P) Ltd., to appear on behalf of him. But inspite of sufficient time granted to the I Party, he has not filed his claim statement. Further from 15th February 1977 and onwards neither the I Party nor his representative put in appearance before this Court, but chose to remain absent continuously and throughout. However, one more Registered notice was issued to the I Party. That registered notice returned unserved with a postal endorsement "party left without instruction. Retd. to sender." Therefore, I am constrained to proceed under Rule 23 of the Industrial Disputes (Karnataka) Rules, 1957, as if the I Party was present and had been duly represented.

3. On the other hand, the II Party was present. They have filed their statement on 26th March 1977 saying that the I Party has not at all filed his claim statement in spite of availing of sufficient time and opportunity and this shows that he is not interested in prosecuting this dispute and therefore the reference is liable for dismissal. It is further stated that the I party was charge-sheeted on 23rd June 1975 ; two days later one more charge-sheet was issued to him ; charges were separately enquired into by an independent enquiry officer appointed by the management. The workman attended both the enquiries and fully participated. The enquiries were conducted fairly and properly. The enquiry officer gave his findings that the charges were established against the I Party at the enquiry. Therefore considering the gravity and seriousness of the misconducts

proved against the workman, the management ordered his termination from service and therefore the II Party is perfectly justified in terminating the services of I Party and there are no ground for interference in the same. Hence the Reference may be dismissed.

4 Further, the II Party has examined one T. L. Ananda, liaison Officer as M. W. I. He has stated that he deal with the personnels matters. He knows I Party workman. He says that I Party had printed certain defamatory matter against the management and published them and also distributed the same among the workers in the factory M. W-1 further stated that the I party is also the editor. publisher and printer of Kannada Weekly called "Trivarna" and the defamatory matters regarding the II Party had been printed in that weekly dated 7th June 1975. Therefore they issued I Party charge sheet and conducted domestic enquiry, wherein I Party participated. The enquiry was conducted by one Mr. A. Y. N Gupta, a practising Advocate. The enquiry officer submitted his enquiry report holding I party guilty of the charges levelled against him. Ex. M-I are the enquiry records pertaining to the enquiry. He further says that when the Jst charge sheet was issued to I Party on 23rd June 1975. on' the same night at about 8 p. m. I Party went to his (M.W-1's) house and threatened him to withdraw the charge-sheet. He had lodged a complaint to the police, and informed the company secretary A second enquiry was also held by Sri A. Y. N. Gupta, wherein also the enquiry officer found I Party guilty of the charges levelled against him. Accepting the findings, the I party was dismissed from their service. Ex. M-2 are the records pertaining to the 2nd enquiry. He has also stated that the I Party did not make any demand over the management, but straight away approached the conciliation officer. Hence he prays for upholding the action of the II Party in dismissing the I party from service.

5 I have no reason to disbelieve the version of M. W-1 which stands unrebutted. I have also persued Ex· M-1 and M-2 enquiry proceedings and found that the enquiries have been conducted in a fair and proper manner. · Besides, the I party has not at all shown any interest in the case. He has remained absent and he has not even filed his claim statement. In the circumstances· I am of the opinion that the Reference is liable for rejection.

6 In the result, I pass an award rejecting the Reference. The I party workman is not entitled to any relief. No order as to costs.

AWARD

As per G. O. No. SWL 1043 (2) LLD 76 dated 22nd December 1976 issued in exercise of its powers under Section 10 (1) (d) of the Industrial Disputes Act, 1947, the State Government has referred the following dispute for adjudication by this Tribunal:—

"I. Is the Management of Gokak Mills (Division of Gokak Patel Volcart Ltd.) Gokak Falls justified in not designating Sriyuths: Martin Santamareya, Manohar Ganpat and Balu Fakirappa as drivers and not giving them the scale of drivers ?

II. If not to what relief the said workmen are entitled to ?"

2. In its claim statement, the I Party states that the Standing Orders were settled as long as about 20 to 25 years ago, that the Standing Orders require revision to suit the existing service conditions and that finally, Martin Sentamareya, designated as a cleaner, and Manohar Ganpat and Balu Fakirappa, both designated as Badli Coolies have been actually working as drivers for the last about 8 to 10 years and that, therefore, the said workers should be placed in the grade of drivers and paid the payscale of drivers.

3. The II Party took time to file their objection statement saying that the dispute is being sought to be settled by compromise.

4. When the case was taken up to-day, a Joint Memo has been filed by both the parties saying that the dispute has been settled in terms of the settlement dated 5th December 1977 annexed. I have perused the settlement, Except that in the Settlement, the I Party-Union has been described as the II Party and the II Party-Management has been described as the I Party, instead of the other way [illegible] clerical error, which will not effect

the validity of the settlement, the terms of the settlement are quite fair and reasonable and, therefore, the settlement is required to be accepted.

5. In the result, an Award is passed in terms of the settlement which is annexed hereto.

Reference

(Government Order No. FCL 826 LLD 71, dated 26th May 1972.)

AWARD

As per Government Order No. 826 LLD 71, dated 26th May 1972 issued in exercise of its powers under Section 10 (1) (d) of the Industrial Disputes Act, 1947 the State Government has referred the following points of dispute to this Tribunal for adjudication :—

I. Are the employees of Mangalore Port Trust, Mangalore, justified in demanding the following :
   (a) Pay scales as recommended by the Central Wage Board for Port and Dock Workers of Major Ports and D. A. in paralance with them.
   (b) Extension of retirement age from 55 years to 58 years.
   (c) House rent and compensatory allowance at the New rate as per the recommendations of the said Wage Board.

II. If not, to what relief are they entitled and from what date?"

2. The I Party states *inter alia* that when compared to other Ports of Mysore State, Mangalore Port has peculiar features in as much as it is at a fair distance from the steamer anchorage and the approach to this port is at the confluence of the rivers Gurpur and Netravathi and that the work done by the workers of Mangalore is as onerous and hazarduous as in a major port and is substantially more than the work done by the minor port workers in Karnataka State. Further, the provisions of the Central Acts, like Merchant Shipping Act, Indian Ports Act, Instructions to Principal Officers and Surveyors, etc., issued by the Central Government, are enforced in Mangalore Port, whereas in the other ports of Karnataka State, most of the provisions of the Acts and Instructions are enforced and performed by the Central Customs Department Officers. The I Party workmen are entitled to claim the pay scales as recommended by the

Central Wage Board for Port and Dock Workers of Major Ports as well as Dearness Allowance in par with them.

3. In its Objection Statement, the II Party contended that the I Party has no locus standi to raise a dispute and that the dispute in question is not an industrial dispute, the cause n t being espoused by sufficient num er of the II Party. The Mangalore Port is a minor port and should be treated as any other minor port. The work is in no way different fr m the work of other minor ports It is not correct to say that the work performed by the II Party's workers is relatively and substantially comparable to the work performed by the work rs similarly placed in some of the ports governed by the Central Wage Board.

4. The I Party filed a Rejoinder Statement.

5. In addition to the points of dispute scheduled in the Order of Reference, the following issues arising out of the pleadings were framed :—

1. Whether the dispute raised by the I Party is not an industrial dispute as not having been espoused by sufficient number of employees of the II Party Management as contended ?
2. Whether the pay scales claimed by the I Party are not applicable and not justifiable as contended by the II Party in view of its reasons and financial capacity ?
3. To what relief, if any, the parties are entitled ?

6. Except filing a Rejoinder as long back as on 22nd August 1972, followed by a letter, dated 24th November 1975 requesting to be informed which is the matter kept for hearing on 12th October 1975 at Mangalore Camp, the I Party has not responded to the notices issued on 27th August 1976 and 5th October 1976 notifying the date of hearing at Mangalore Camp. On 24th August 1977, another notice was issued to the I Party directing appearance before the Tribunal on 6th October 1977. The I Party failed to appear. Another notice was issued on 7th October 1977 informing the I Party that the case is posted for evidence on 18th October 1977. By a notice dated 24th December 1977, both the parties were informed that the case will be taken up at Mangalore Camp for I Party's evidence on 31st December 1977. The II Party was present with its counsel Sri S. R. Hegde, who filed his vakalat. As the I Party failed to appear, another notice was ordered for appearance of the I Party this day and the said notice was served on the I Party's representative on 31st December 1977 itself. Even then no one has appeared on behalf of the I Party when the case was taken up today. As the case is a very old one, the I Party had been given every opportunity and in spite of it, the I Party has not been evincing any interest in the matter, there was no other alternative but to proceed in the absence of the I Party and to record the evidence of the II Party. The II Party has accordingly examined its Manager, Naronha (MW.1). I have heard the II Party's counsel.

7. The main question that falls for consideration is whether the Mangalore Port under the control of the II Party is required to be treated as a Major Port for the purpose of conferring on the II Party's employees the various benefits, etc., recommended by the Central Wage Board for Port and Dock Workers of Major Ports. It is seen from the evidence of MW.1, A. P. Naronha that the Mangalore port is no longer enjoying its old importance, whatever such importance may be, on account of a Major Port having come up at New Mangalore. MW.1 Naronha says that at present, the Mangalore Port of the II Party is handling the small business of coastal sailing vessels and the rest of the business, which is extensive, has all been shifted to New Mangalore Port, which is a Major Port. On account of this, the income of the Mangalore Port is also reduced.

8. Then, it is also seen from the evidence of MW 1 Naronha that at the time when the Reference was issued in 1972 there were only a few workers of the II Party who were members of the I Party-Union. MW 1 Naronha says that at present, none of the II Party's workers are members of the I Party. There is no contra evidence. It has to be held that the I Party cannot represent the II Party's workers. I hold under Issue No. 1 that the dispute is not an industrial dispute and under the remaining issues, that in any case, the demands made on the basis that the recommendations made by the Central Wage Board for Port and Dock Workers of Major Port are applicable are not sustainable.

9. In the result, the Reference is rejected.

AWARD

1. The Government of Kanataka in their Order No. SWL 158 LLD 75, dated 6th May, 1975, have referred an industrial dispute under S. 10 (1) (c) of the Industrial Disputes Act, 1947, existing between the above named parties to this Court for adjudication on the points of dispute noted below :—

"Are the management of Hindustan Aeronautics Ltd., Bangalore justified in treating Sri V. N. Balasubramanian, an ex-employee as having lost lien on his appointment with effect from 29th June 1973 under clause 18 (ii) of their Standing Orders?

If not, to what reliefs the workman is entitled?"

2. On receipt of reference, it was registered as Reference No. 41 of 1975 and notices were issued to the parties to file their statements,

The I Party workman filed his claim statement on 4th June 1975 and the II Party management has filed their counter-statement on 6th October 1975. On 19th March 1976 the II Party management has examined their Personnel Officer, as M. W. 1. That day M. W. 1 was examined only in-chief and his cross-examination was adjourned as I Party was absent on that day. Thereafter I Party took time to cross-examine M. W. 1. But though sufficient opportunity was given the I Party did not cross-examine M. W. 1. Further, neither the I Party workman nor his counsel had put in appearance since 14th March 1977, but chose to remain absent continuously: Therefore, on 19th April M. W. 1 was discharged. Even thereafter the I Party as well as his counsel did not appear but remained absent throughout. The I Party has also not let in any evidence on his behalf. In the circumstances, I am constrained to proceed under Rule 23 of the Industrial Disputes (Karnataka) Rules. 1957, as if the I Party was present and had been duly represented.

3. The I Party in his claim statment has stated that he had joined the II Party on 11th August 1964 as Welder-B and his services were unjustly terminated by the management w. e. f. 29th June 1973 as having lost his lien on appointment. He says he had put in honest service. He had submitted that due to acute bronchitis he was suddenly and seriously ill and laid up from 19th June 1973 to 3rd July 1973 and was under medical treatment and therefore could not attend the factory during the said period. However, on 3rd July 1973 when he got a little better he reported for duty and submitted his leave application duly supported by medical certificate. He was not taken on duty but was issued a notice, dated 2nd July 1973 stating that he had absented himself for more than 10 days from 19th June 1973 without permission and had therefore lost his lien on appointment under Standing Order 18 (ii) with effect from 29th June 1973 and he was asked to submit his explanation. He had submitted his explanation on 5th July 1973. But without accepting the said explanation and without holding any enquiry in the matter, the II Party sent a letter, dated 25th July 1973 to him saying that they had terminated his services with effect from 29th June 1973 for alleged loss of lien on appointment under Standing Order 18(ii) of the company. The I Party submitted that this termination from service is unjust, illegal and *malafide*. His absence from duty was unaviodable and due to *bona-fide* cause and therefore the II Party was not right in invoking the provisions of Standing Order 18(ii). He prayed for his reinstatement, continuity of service and back wages.

4. The II Party in their counter-statement have stated that the I Party absented himself without permission w.e.f. 19th June 1973 o 2nd July 1973 and therefore they had issued him a notice dated 2nd July 1973 calling upon him to submit his explanation for his

unauthorised absence. The I Party submitted his explanation on 5th July 1973. with a medical certificate dated 3rd July 1973. That explanation was considered by the management and was not found to be satisfactory. Therefore, the II Party confirmed the I Party's loss of lien on his appointment and the same was communicated to him by letter, dated 25th July 1975. The decision is *bona fide* and does not call for any interference by this Court, It is also stated that the I Party had preferred an appeal to the General Manager of the company who found no grounds for interference with the termination order. It is further stated that Standing Order 18(ii) of the company proved that if a workman remains absent for more than 10 days or absents himself beyond that period of leave originally granted or subsequently extended, he shall lose his lien on his appointment, unless he returns within 10 days of the expiry of the notice of termination and explains to the satisfaction of the management the reasons for his inability to return before the expiry of leave. It follows, therefore, that if the explanation is not submitted within 10 days or if the explanation so submitted within ten days is not found to be satisfactory by the management, the services of the employee terminates automatically on the ground of loss of lien and therefore an order passed by the management in this regard is not justifiable. The II Party management also denied that the I Party workman's services were honest and sincere. The II Party has stated that even in the past the I Party was unauthorisedly absent for quite a number of days and that even he was suspended for four days in the year 1971. It is further submitted that in the explanation, the I Party has stated that he thought that he could apply for leave with medical certificate at the time of reporting for duty and that, therefore, he did not apply for leave at the right time. There is no basis for such thinking in the face of the Standing Orders. II Party has also stated that there is no demand for reinstatement by the I Party on the II Party and hence there is no industrial disputes available for reference, and hence the reference itself is incompetent. In the circumstances, the II Party prayed for the dismissal of the reference.

5. The main question that therefore arises for consideration is whether the II Party is justified in treating I Party as having lost lien on his appointment w.e.f. 29th June 1973 under clause 18(ii) of their Standing Orders?

6. M.W. 1 V. N. Balasubramanian in his evidence has stated that he is the Personnel Officer in the Aircraft Division of the II Party He knows the I Party workman and he had dealt with his papers. I Party absented himself in the month of June 1973 without applying for any leave for more than 10 days consecutively from 19th June 1973. The concerned Section Head reported the matter to the Personnel office. Then they served loss of lien notice on the I Party workman as per Ex. M. 1. Ex. M.2 is the copy of the reply sent by

the I Party and Ex. M. 2 was not dated. Explanation Ex. M.2 was not satisfactory. Therefore they recommended to the Departmental Head for removal of his name confirming loss of lien. The Departmental Head gave approval for confirmation of loss of lien as per Ex. M. 3 Note sheet. As per Ex. M. 4 I Party's explanation was considered and communication was sent to him confirming the loss of lien. Ex. M. 5 is the appeal made by I Party to the General Manager and that appeal was dismissed as per Ex. M. 6. The employee's past record was also not satisfactory. As per Ex. M. 7 I Party progress increment was deferred. Ex. M. 6 was warning notice issued to I Party. Ex. M. 9 is the suspension notice and its enclosure is Ex. M. 10. Ex. M. 11 is the another memo issued to I Party. He further says that I Paty's attendance was very bad.

7. I have no reason to disbelieve the version of M.W. 1 which is supported by Ex. M 1 to M–11 and also his version stands unrebuted. As already stated the I Party workman has not evinced any interest and has not let in any evidence worth the name In support of his case. I have perused M–1 to M–11 documents marked on behalf of the II party and find that all the procedures have been followed in case of I Party workman. There are no materials to hold that II Party was not justified in treating I Party workman as having lost lien on his appointment w.e.f. 29th June 1973 under clause 18(ii) of their Standing Orders. I therefore, hold that the action of the II Party management is justified.

8. In the result, the reference is rejected. No order as to costs.

H. SHANMUKHAPPA,
Presiding Officer,
Labour Court, Bangalore.

Order No. SWL 50 LLA 78
Bangalore, dated 13th March 1978.

Whereas by State Government Order No. SWL 158 LLD 75, dated 6th May 1975 the Industrial Dispute between the workmen and the management of Hindustan Aeronautics Ltd., Bangalore was referred to the Labour Court, Bangalore for adjudication;

And, whereas, the Presiding Officer, Labour Court, Bangalore, has submitted to the State Government its award in respect of the said Industrial Dispute;

Now, therefore, in exercise of the powers conferred by Section 17 of the Industrial Disputes Act, 1947 (Central Act 14 of 1947), the Government of Karnataka are pleased to direct the publication of the said award as above, in the *Karnataka Gazette.*

AWARD

The State Government has referred the following point of dispute for adjudication by this Tribunal as per Government Order No SWL 240 LLD 74 dated 23rd July 1975 issued in exercise of its powers conferred under section 10 (1) (d) of the Industrial Disputes Act, 1947.

Are the workmen (Garblers) of Mysore Coffee Processing Co operative Society Ltd., Mysore-2. justified in demanding full wages for two days of non-employment on 2nd February 1974 and 4th February 1974 ?

If not, to what other relief the workmen are entitled ?

2 The I Party states that in order to liquidate the I Party Union, the II Party inter-alia refused to provide work to the Garblers as usual 50 kgs. at a time on a ticket on 2nd February 1974 and again on 4th February 1974 though each Garbler was attending to 50 kgs. of coffee at a time on a ticket. The introduction by the II Party of a change in the work-load calling upon each Garbler to take 75 kgs. of coffee on a ticket instead of the usual 50 kgs. on a ticket at a time, amounts to alteration of service conditions. No notice before altering the work-load was given. The II Party is bound to pay wages for the two days in question.

3 The II Party contended that as the Coffee Board directed it to increase production (curing) in order to meet export demand on 2nd February 1974, the II party notified the Garblers that as from that day, 75 kgs of milled coffee would be issued to each garbler. This step was taken to increase the production and also to help the garblers in earning more emoluments. By issuing 75 kgs. of milled coffee, the interest of the garblers was in no way jeopardised in as much as they were paid on piece rate basis. The Garblers refused to receive 75 kgs. of milled coffee and struck work on 2nd February 1974 and 4th February 1974 at the behest of the 5 members of the office staff who refused to obey the orders transferring them and also raised a dispute which is pending in Reference No. 4 of 1974 on the file of the Labour Court at Bangalore. During the conciliation proceedings before the Assistant Labour Commissioner, Mysore, the matter was settled and the II Party agreed to issue 50 kgs. of milled coffee. The II party so agreed to avoid stoppage of the coffee curing work and the probability of the Coffee Board transferring the coffee to another establishment for curing. The II Party was prepared to provide work to the garblers on 2nd February 1974 and 4th February 1974. It was the garblers who struck work. The non-employment of the garblers on 2nd February 1974 and 4th February 1974 is the result of act of comission and commission on the part of the garblers and hence they are not justified in demanding wages for the two days.

4 When the case was taken up today for hearing, a Joint Memo was filed by Dasappa, the Secretary of the I party and Nasarulla Khan the Secretary of the II party saying that in view of the settlement in I. D. No. 21/74 on the file of this Tribunal, the I party is not pressing the demand under reference and that the reference may be rejected.

5 In view of the settlement as per the Joint Memo, an award is passed rejecting the reference.

Labour Dispute :—Industrial Dispute between the workmen and the management of Sujatha Theatre, Ramachandrapuram, Bangalore-21.

Award of the Presiding Officer, Labour Court, Bangalore, published.

Read the following papers.

(1) Letter No. 2083/77-78, dated 23rd February 1978 from Sri H. Shanmukhappa, Presiding Officer, Labour Court, Bangalore.

BEFORE THE PRESIDING OFFICER, LABOUR COURT, BANGALORE.

Dated this 23rd day of February 1978.

Present :

Shri H. Shanmukhappa, B.A., B.L.,
Presiding Officer.

Reference No. 162 of 1976.

First Party.—
Abdul Hameed and N. Ramu, C/o Cinema Workers Union, Bangalore-9.

Vs.

Second Party.—
The Management of Sujatha, Theatre, Ramachandrapuram, Bangalore-21.

Reference :

Government Order No. SWL 997 LLD 76; dated 18th November 1978.

AWARD

1. The Government of Karnaraka in their order No. SWL 997 LLD 76, dated 18th November, 1976, have referred an Industrial

Dispute existing between the abovenamed parties to this Court for adjudication on the points of dispute noted below :—

"I. Are the Management of Sujatha Theatre, Ramachandrapuram, Bangalore-1, justified in refusing work to the following workmen with effect from the dates mentioned against them ?

Sri Abdul Hameed with effect from 17th March 1976.

Sri N. Ramu with effect from 10th March 1976.

II. If not, to what relief the said workmen are entitled ?"

2. On receipt of reference, it was registered as Reference No. 162 of 1976 and notices were issued to the parties to file their statements. The I Party filed their claim statement on 8th August 1977. But the II Party neither appeared nor filed their counter-statement. Therefore, fresh notice was issued to the II Party. The registered notice sent to the II Party returned unserved as the II Party's Manager has refused to take the Notice. Therefore, on 9th January 1978, the II Party was placed *ex-parte* holding service of notice on II Party was sufficient. In the circumstances, I am constrained to proceed under Rule 23 of the Industrial Disputes (Karnataka) Rules as if the II Party was present and had been duly represented.

3. The I Party workmen in their claim statement have stated that the II Party disliked the Union activities of the I Party workmen. Regarding Sri Abdul Hameed, it is stated that he had joined II Party on 22nd October 1971 as a Gate Keeper and he was receiving a monthly wage of Rs 190 at the time of his illegal termination. On 23rd February 1976 he went to the theatre to request for leave as he was sick. The Manager was not there. He met the Assistant Manager and requested for grant of 4 days sick leave from 23rd July 1977. For this, the Assistant Manager told him to send the leave letter by post saying that the letter in person will not be acknowledged. Accordingly he sent the leave letter by certificate of posting. After 4 days he reported for duty on 27th February 1976 at 4-30 P.M. (2nd shift). He was not taken on duty, but was given a notice and was asked to come next day after furnishing explanation to that notice. He requested for sanction his four days sick leave by that was refused. On receipt of notice dated 28th February 1976 and after furnishing doctor's certificate he was allowed to work on 28th February 1976 from 3 P.M. to 11-45 P.M. But on 29th February 1976 at about 5 P.M. when he was in the midst of ticket punching, Sri Gopal Naidu, Yajaman of the theatre, asked him to stop working and told him that he had produced a false medical certificate and that he and the doctor would be handed over to the Police. When Mr. Hameed (I Party workman) submitted that he had not committed any mistake, the Yajaman

got angry and directed the Manager, Sri Nataraj, not to allow him inside the theatre. Since then he has not been permitted to enter the theatre. He was not given any dismissal order but was told that through lawyer's notice it would be sent. He continuously made himself present at the workspot from 1st March 1976. Till 17th March 1976 he was not given any dismissal orders. Hence he had approached the conciliation officer by raising an industrial dispute, which had resulted in this reference. He prays for his reinstatement with back wages and consequential benefits as his termination is illegal.

4. Regarding N. Ramu, it is stated that he was working in the II party theatre since 22nd October 1971 as a Gate Keeper on a monthly salary of Rs. 174. The salary of the workers were not paid in time in spite of instructions from the Labour Inspector. He asked for the salary on 27th February 1976 and brought to the notice of the management that he should be paid before 10th of every month, the II party management got angry and he was served with a show cause notice on 6th March 1976 making wild and baseless allegations. He replied denying the charges. On 10th March 1976 he was issued with a memo suspending him w.e.f. 11th March 1976. His reply dated 6th March 1976 was not acknowledged. On 15th March 1976 he was informed that an enquiry would be conducted on 18th March 1976, but no enquiry was held. Further no copies of complaints or charges have been given to him in spite of his requests. Hence he raised an industrial dispute which ended in this reference. He prays for his reinstatement with back wages and consequential reliefs as his termination is highly illegal and *mala fide*.

5. Both the I party workmen got themselves examined as W.W. 1 and W.W. 2 and marked exhibits W. 1 to W. 22.

6. W.W. 1 S. Abdul Rahim has stated that he was working as a Gate keeper in the II Party theatre since 22nd October 1971. As they were not paid wages according to minimum wages Act he had complained to the Union. On 23rd February 1976 he went to the theatre and applied for 4 days sick leave as he had fever. The Assistant Manager asked him to send the leave letter by post. He sent the leave application by Certificate of posting, which is Ex. W. 2. Copy of leave appliation is Ex. W. 1. On 27th Febuary 1976 he went to work as usual, but he was rerused work. Next day show cause notice was issued as per Ex. W. 3. He had produced doctor's certificate and worked on 28th February 1976. Ex. W. 4 is the doctor's certificate and Ex. W 5 is the reply to show cause notice. Ex. W. is the postal acknowledgement. Thereafter he regularly went for work but he was refused work. Ex. W. 7 is a copy of his representation to the conciliation officer. Even though he was prepared to work, the management has refused employment to him with any valid reason

cause. He prayed for his reinstatement with back wages and other reliefs.

7. W. W. 2 Sri N. Ramu has stated that he had joined the II Party theatre on 22nd October 1971. As he demanded payment of wages on due dates, he was served with a show cause notice as per Ex. W. 8. Ex W. 9 is the reply sent by him. Ex. W. 10 is the postal acknowledgement. Ex. W. 11 is letter dated 10th March 1976 written to him. Ex. W. 12 is a copy of his letter to the management. Ex. W. 13 is letter dated 15th March 1976 of the management for conducting an enquiry. He went to attend the enquiry, but the management did not conduct any enquiry. He had also requested the management to permit him to be represented by a Union representative as per Ex. W. 14 and Ex. W. 16. The postal acknowledgements, are Ex. W. 15 and Ex. W. 17 respectively. Ex. W. 20 is another written by him to the management. Ex. W 21 is the postal acknowledgement. Ex. W. 22 is his letter copy dated 6th May 1976 to the Labour Officer. In spite of all these, the management had refused work although he was demanding work. He says that his termination is illegal and prays for his reinstatement with back wages and other reliefs.

8. The burden was upon the management to prove that they were justified in refusing work to the two I Party workmen. The II Party has miserably failed to discharge this burden. They have even gone to the extent of refusing to accept the Registered Notice sent by this Court. There is absolutely no defence put by the II Party. On the other hand, the I Party workmen have supported their claims in their evidence, which is also supported by exhibits W-1 to W-22. I have no reason to disbelieve the evidence of the I Party which stands unrebutted. In the circumstances, I am of the opinion that the II Party management was not justified in refusing work to the I Party workmen. Hence my Award.

AWARD

9. In the result, the reference is answered as follows:—The management of Sujatha Theatre, Ramachandrapuram, Bangalore-1 were not justified in refusing work to the following workmen with effect from the dates mentioned against them:

1. Sri Abdul Hameed with effect from 17th March 1976.
2. Sri N. Ramu with effect from 10th March 1976.

The two I Party workmen mentioned above, are entitled to the reliefs of reinstatement in their former posts with continuity of service and back wages. No costs.

H. SHANMUKHAPPA,
Presiding Officer,
Labour Court Bangalore.

Order No. SWL 53 LLA 78,
Bangalore, dated 15th/17th March 1978.

Whereas by State Government Order No. SWL 997 LLD 76, dated 18th November 1976, the Industrial Dispute between the workmen and the management of Sujatha Theatre, Ramachandrapuram Bangalore-21 was referred to the Labour Court, Bangalore, for adjudication;

And, whereas the Presiding Officer, Labour Court, Bangalore has submitted to the State Government its award in respect of the said Industrial Dispute.

Now, therefore, in exercise of the powers conferred by Section 17 of the Industrial Disputes Act, 1947 (Central Act 14 of 1947), the Government of Karnataka are pleased to direct the publication of the said award as above, in the *Karnataka Gazette*.

By Order and in the name of the Governor of Karnataka,

COMMERCE AND INDUSTRIES SECRETARIAT

Notification No. CI 52 EPO 78,

Bangalore, dated 20th March 1978.

In pursuance of sub-section (1) of Section 5 of the Mines and Minerals (Regulation and Development) Act, 1957, the Government of Karnataka hereby sanctions a Prospecting Licence in favour of Shri Shafi Ahamed for a period of two years for Green Quartz over 28 acres (11.33 hectares) of land in Kumminagatta village, Holalkere Taluk, Chitradurga District, as per sketch furnished by the Director of Mines and Geology, Bangalore.

The grant of the above said Prospecting Licence is subject to the terms and conditions appended hereunto.

Terms and Conditions

1. The licence shall be operative for a period of two years with effect from the date of execution. The option to renew the licence for a further period shall be reserved to Government.

2. The licensee shall pay to Government a Prospecting fee of Rs. 2.50 per hectare of the land covered by the licence for each year or portion of a year.

3. The quantity of ore to be removed under this licence both on payment of royalty and free of royalty, shall be in accordance with the limits prescribed under Rule 14 (ii) and (iii) and under Schedule III respectively of the Mineral Concession Rules, 1960. The royalty payable on the Minerals shall be in accordance with the rates prescribed in Second Schedule to the Mines and Minerals (Regulation and Development) Act, 1957 and as amended from time to time.

4. The licensee shall make available to the Government of India beryl or any other 'substance prescribed' under Section 3 of the Atomic Energy Act No. XXIX of 1948 if they occur in the property under licence ;

5. The licencee shall be subject to the rules issued under Sections 13 and 18 of the Mines and Minerals (Regulation and Development) Act, 1957 (No. 67 of 1957).

6. If any other mineral is traced during the course of prospecting, the licensee shall report about the same to the Director of Mines and Geology and shall not work such minerals without obtaining prior permission of Government ;

7. The licensee shall furnish an accurate final map of areas covered by the licence together with a description, giving the situation and boundaries of the areas duly attested by the licensee. The Director of Mines and Geology is authorised to get the accurate final map with survey numbers etc., prepared and demarcation done before executing the licence if the licensee so desired and to recover the cost of the same from the licensee ;

8. The licensee shall, before the deposit is returned to him submit confidentially to the Director of Mines and Geology from time to time or whenever required a full report of the work done by him and disclose all information acquired in the course of the operations carried on under the licence regarding the geology and mineral resources of the area covered by the licence ;

9. The licensee shall allow any officer authorised by the Central or the State Government to inspect at any time the area covered by the Prospecting licence as also any accounts, plans and records maintained by him ;

10. The licensee shall before the licence is issued to him deposit as security a sum of Rs. 200 in respect of every square kilometre or part thereof for which the licence is granted for the due observance of the terms and conditions of the licence.

11. The licensee shall engage a qualified Geologist or a Mining engineer to conduct the prospecting methodically ;

12. The licensee shall not give any ore-raising contract during the prospecting stage ;

13. The above mentioned area is subject to verification after actual survey ; and

14. Local and other cesses as prevalent in Chitradurga District.

Appearances.

For the Complainant :—Sri V. J. K. Nair, General Secretary, Bangalore Industrial Workers and Commercial Employees' Union, Bangalore.

For the opposite Party :—Sri K. J. Alva, Advocate, Bangalore.

AWARD

This is a Complaint undr Section 33-A of the Industrial Dispute Act, 1947.

2. The Complainant says that the Opposite Party has terminated his services with effect from 20th December 1975 under Standing Orders 18.1-"services no longer required in the interest of the

Company.'' Such a termination without holding any enquiry in accordance with the principles of natural Justice or assigning any reason is illegal and amounts to an act of victimisation for his trade union activities. He was taken into custody under the D. I. R. and a case was filed against him by the police before the Judicial Magistrate First Class, K. G. F. Even without waiting for a result of the case, the Opposite Party has passed the orders terminating his services. He has been acquitted by the Judicial Magistrate First class on 20th May 1976. He is entitled to reinstatement in service.

3. Objections were filed by the Opposite Party saying that the Complainant was not discharged, dismissed or otherwise punished for any misconduct. It is a case of termination of simplicitor. Under these circumstances, the complaint under Section 33-A is not maintainable. Compensation as required under Standing Orders 18.1 at half a month's wages including D. A for every completed year of service as also one month's wages in lieu of notice were remitted to the complainant by Money Order. The Complainant has refused to receive the Money Order. The fact that the complainant gave room for prosecution and arrest under the D. I. R is itself, without more, sufficient to shake the confidence of the employer and to justify the termination of the complainant's services. The complainant has never been any active trade union movement. There is no victimisation.

4. The following issues were framed as arising for consideration.

1. Whether there was contravention of Section 33 of the Industrial Disputes Act, 1947?
2. If so, whether the management was Justified in terminating the services of the complainant with effect from 20th December 1975?
3. To what relief, if any, the complainant entitled?

5. When the complaint was taken up for hearing today, a joint Memo was filed by the parties saying that the Complainant has been reinstated in service with back wages. Both parties are heard.

6. An award is hereby passed holding that the complaint be dismissed as no longer surviving in view of the reinstatement with back wages,

WELFARE LABOUR SECRETARIAT

Order No. SWL 314 LLE 77

Bangalore, dated 23rd March 1978.

Whereas the Industrial Disputes specified in the Annexure, Tables I & II, appended to this Order are pending before the Labour Court at Madikeri for adjudication ;

And whereas the Government of Karnataka considers that a more expeditious adjudication of the said Industrial Disputes will be facilitated if the said Industrial disputes are transferred to the Labour Court at Mysore.

Now, therefore, in exercise of the powers conferred by sub-section 33-B of the Industrial Disputes Act, 1947 (Central Act No. 14 of 1947), the Government of Karnataka hereby withdraw the proceedings pending before the Labour Court at Madikeri relating to the said Industrial Disputes and transfer the said proceedings to the Labour Court at Mysore.

By Order and in the name of the Governor of Karnataka,

V. V. MASTHIHOLIMATH,
Under Secretary to Government,
Social Welfare & Labour Department.

Dated 27th January 1978.

Claimant :—

Sri Mallappa Gundu Kalkhambkar, 138 Bramha Dev Galli, Sulage Taluk and District Belgaum.

Vs.

Respondent :—

The Management of M/s Anand and Kirloskar, Partner M/s Anand Works, P. O. Hindalga, Belgaum.

G. O. No. SWL 390 LLD 77, dated 25th June 1977

Judgement and Award

I have been required to adjudicate whether the Respondent was justified in dismissing the services of the claimant with effect from 28th July 1976.

2. The claimant contends that he has served the Respondent from the date of his apprenticeship and has served it continuously for 14 years and was holding the post of a supervisor and was drawing a salary of Rs. 300/- p.m. and that during these 14 years there was no blemish. He contends that the Management some how wanted to remove the claimant from the service and therefore they made an allegation of stealing a cage-nut and bucket and selling it to one Sri Ganapat Mandelkar and held a farce of enquiry and terminated his services He claims that the enquiry is bad in law because he was not allowed to cross examine the witnesses and because the necessary documents were not provided to him and because he was denied the help of a co-worker to defend himself. He contends that he knew only Marathi and without the help of next friend he was unable to answer question put to him through a translator. He submits that the cage-nut work was executed by him and a sum of Rs. 5/- received had been handed over to the proprietor. He prays for reinstatement with full back wages and continuity of service.

3. The Respondent admitting that the claimant was working with them denies the allegation that a farce of enquiry was conducted. They urge that a fair and proper enquiry has been conducted after observing all principles of natural justice. They further assert that the proceedings were all in Marathi the mother tongue of the claimant and that the claimant has also signed on every page of the proceedings. They have also denied that he was not allowed to cross-examine the witnesses for the Management and that he was not given opportunity to defend himself. The Respondent contends that he is not entitled to reinstatement or other benefits.

4. In this case only the claimant has been examined. The Respondent had not led any oral evidence. Many documents are marked by consent It is an admitted fact that the claimant has received Rs. 5/- from one Ganapat Mandelkar in respect of work relating to cage-nut and same so received was not given to the partner of the Respondent on the day it was received, and that it has been paid 2 days after the receipt. As per the chargesheet Ex. W-4 the said amount has been received on 8th May 1976. The claimant's evidence that he paid that this Rs. 5/- 2 days thereafter remains unrebutted. Therefore it means that he has paid Rs. 5/- to the Management on 10th May 1975. On

on 13th May 1976 a notice Ex W-1 has been issued by the Respondent to the claimant. This is in Marathi. True translation of it has been furnished by the claimant's counsel which has set out the facts leading to the receipt of this Rs. 5 and concludes to demote the claiment from the duties of a supervisor to that of a Turner and calls upon him to give his willingness to work as Turner within 4 days. The claimant has sent a reply as per Ex. W-2 which is in English, wherein he has admitted. he repair of cage nut and receiving Rs. 5 and the same being with him for 2 days and the same being handed over to the management a little later. In Ex. W-2 the claimant has stated that he is not willing to be degrated as a Turner and has asserted that he must be given his original post as a Supervisory It is only thereafter the Respondent issued another letter. In Ex. W-2 he demanded an opportuniny to demonstrate his integrity thereby suggesting an enquiry.

5 It is only thereafter the Respondent issued Ex W-3 informed him that one Balasahab Kulkarni is appointed to hold an enquiry and on that day itself it passed an order treating the services of the claimant as having suspended w. e. f. the date of Ex. W-1. Then the Management appears to have changed its mind and appointed one Govend as an enquiry Officer and issued a charge sheet Ex. W-4. Ex. W-5 is a reply to the charge sheet Ex. W-4. Wherein he has stated that this amount was retained for 2 days and it has been repaid. There also he contended that he should not be degraded and that he should be continued as a superviser. Thereafter an enquiry appears to have been held because the claimant in his evidence has admitted that an enquiry has been held because he says that he told the real fact to the enquiry officer. But the evidence recorded by the enquiry officer is not marked as exhibit in this case because that enquiry office has not got examined in teis case. The enquiry report is marked as Ex. W-7 in this case. On the basis of this Ex. W-7 the Respondent has issued notice Ex, W-6 calling upon the claimant to show cause why he should not be dismissed. The claimant has sent a reply Ex. W-8 which is in Marathi and a ture translation has been furnished to this Court. In Ex W-8 he has contended that the enquiry officer has joined hands with the Management to do injustice to him and therefore he is not accepting the verdict of the enquiry Officer and assered that he had never incurred any loss to the Company After the receipt of Ex W-8 the Respondent has passed an order of dismissal as per Ex. W-10. Thereafter the claimant has approched the Labour Officer as per Ex. W-9 and has also got Ex. W-11 issued to the Management to which the management has sent a reply Ex. W-13 Ex. W-14 is the factual report sent to the Government by the Labour Officer.

6 I see no force in the contention of the claimant that he was not allowed to crossexamine the witnesses. In the chief examination itself. the claimant had stated that he did not examine the witnesses

as there is no necessity to ask the question and since he had given the true facts before the enbuiry officer. This answer suggests that an apportunity was, given to the claimant by the management and the claimant has not utilised that opporutnits to cross examine the witnesses. Therefore it would be futile to contend that he was not given scope to crossexamine the witnesses. On that score the claimant cannot contend that the enquiry is bad in law.

7. The main grievence of the claimant is that he was not given assistance of a co-worker to defend him. In this case the proceedings of the enquiry Officer is not marked. In this Case the enquiry Officer has also not been examined to say that he had given option to the claiment to have the services of the co-worker to defend him and that the claiment declined to accept that offer. In the absence of any such evidence, the Court has to presume that the assistance of a co-worker has been denied to the olaimant. Therefore that would definitely mean that principles of natural justice has been violated to that extent.

8. I see no force in the contention that the proceedings being in English has vitiated the enquiry. The claimant to a Court question has stated that the enquiry proceedings were not held in English. He has further told the Court that this was translated to him in Marathi which language is known to him. The Management's contention is that the proceedings is in Marathi and that every page of it is signed by the claiment. That proceedings is not marked in this case. Therefore it is not known whether the proceedings was in Marathi. Even if the evidence of the claimant is accepted it means that the proceedings which were in English has been translated to him in Marathi language known to him. Therefore no prejudice is caused to the claimant by proceedings being in English. Hence that can not be a good ground to hold that the enquiry being in English has prejudiced the claimant.

9. I feel that the Management has not placed any material before this Court to find out the findings of he enquiry Officer is based on valid evidence. A reading of the enquiry Officer's findings shows that one Yalgurkar has been examined by the enquiry Officer and he has not been crossexamined by the claimant. In the absence of the evidence of Yalgurkar it is not possible to know whether the said Yelgurkar is one of the partner with the Respondent. The enquiry findings do not even show that one Mandolkar has been examined in that case. If he had been examined the Court would have been in a position to find out whether the work relating to the cagenut and bucket was not of repair of that work or whether selling the cage nut and bucket to Ganapath Mandolkar. In the absence of any such evidence, I have to believe the evidence of the claimant that the work relate to the repair of the cage nut of the Ganpath Rao.

Mandolkar. Any way the receipt of Rs. 5 is admitted by the claimant. He has stated that within 2 days it has been repaid to the partner of the Respondent. The answer the claiment has given to the cross examination in this Court's question shows that this amount was paid by the claimant after two days on his own accord to the Proprietor and not after the same was detucted by the Management and questioned. That shows that there was no dishonesty at all. The claimant has given explaination that he could not pay this amount since he did not meet the partner of the Respondent. That would be a good ground to explain for the retention of Rs. 5/- for 2 days. The enquiry Officer has not bestowed his attention on this aspect of the case particularly because in the claiments explaination he has contended so. Therefore I feel that the findings of the enquiry Officer is perverse.

10. I feel that the enquiry Officer is a most a puppet in the hands of the Management. In fact he contends so in Ex. W. 8. If the enquiry Officer had been examined the Court would have in aposition to find out whether all these documents and the enquiry Officeres findings had been furnished to the claimant. Even the claimaut has not stated in his evidence that the documents has been furnished and the enquiry report was not given to him. But it is stated so in the claim statement. Since the enquiry Officer is not examined in this case, the Court will have to think that these documents may not have been produced or furnished to the claimant. To that extent also I feel that the principles of natural justice have not been met with.

11. I find that the attitude of the Management is to punish the claimant from the beginning. They appear to have pre-judged the issued because in Ex. W-1 even without the receipts of any explaination from the claimant, thay come to the conclusion that it is unpardenable misconduct which warrants demotion. Subsequently they have suspended him with retrospeetive effect. That shows that the Management some how wanted to hold him guilty to get rid of the claimant. Even when the Management passed the order of dismissal in Ex W-10, the explanation given by him viz the retaining of Rs. 5 for 2 days by inadvertance for not meeting the partner, has not been appreciated by the authorities imposing punishment. If only he had considered that aspect, the punishment met out would not be disproportionate to the gravity of the misconduct committed. Any way I find that since no material is placed before this Court as to what is the nature of the evidence placed against the claimant and since he has been denied the assistance of a co-worker I feel that the enquiry is bad in law and that the findings is also perverse for the reasons stated earlier. Hence the domestic enquiry held against the claimant cannot be held be proper. When the domestic enquiry is not proper, the punish-

ment imposed on the basis of invalid enquiry will have to be struck down. Therefore it follows that the termination of the services of the claimant is illegal and unjustified and that is my finding on the 1st point of dispute referred to this Court. In view of this finding, the claimant would be entitled to reinstatement with back wages and continuity of service. No. cost.

Notification No. CI 53 EPI 78.

Bangalore, dated 4th April 1978.

In pursuance of sub-section (1) of Section 5 of the Mines and Minerals (Regulation and Development) Act, 1957, the Government of Karnataka hereby sanctions a Prospecting Licence in favour of Messrs. Lokeswar Minerals for a period of 2 (two) years for Lime stone over an area of 186 acres (75.27 hectares) of land in Chowdapur village, Mudhol taluk, Bijapur District, as per sketch furnished by the Director of Mines and Geology, Bangalore.

The grant of the above Prospecting Licence is subject to the terms and conditions appended hereunto.

Terms and Conditions

1. The licence shall be operative for a period of Two years with effect from the date of execution. The option to renew the licence for a further period shall be reserved to Government.

2. The licensee shall pay to Government a Prospecting fee of Rs. 2-50 per hectare of the land covered by the licence for each year or portion of a year.

3 The quantity of ore to be removed under this licence, both on payment of royalty and free of royalty, shall be in accordance with the limits prescribed under Rule 14 (ii) and (iii) and under Schedule III respectively of the Mineral Concession Rules, 1960. The royalty payable on the minerals shall be in accordance with the rates prescribed in Second Schedule to the Mines and Minerals (Regulation and Development) Act, 1957 and as amended from time to time.

4. The licensee shall make available to the Government of India beryl or any other 'substance prescribed' under Section 3 of the Atomic Energy Act No. XXIX of 1948 if they occur in the property under licence.

5. The licensee shall be subject to the rules issued under Sections 13 and 18 of the Mines and Minerals (Regulation and Development) Act, 1957 (No 67 of 1957).

6. If any other mineral is traced during the course of prospecting, the licensee shall report about the same to the Director of Mines and Geology and shall not work such minerals without obtaining prior permission of Government.

7. The licensee shall furnish an accurate final map of areas covered by the licence together with a description, giving the situation and boundaries of the areas duly attested by the licensee. The Director of Mines and Geology is authorised to get the accurate final map with survey numbers etc., prepared and demarcation done before executing the licence if the licensee so desired and to recover the cost of the same from the licensee.

8. The licensee shall, before the deposit is returned to him submit confidentially to the Director of Mines and Geology from time to time or wherever required a full report of the work done by him and disclose all information acquired in the course of the operations carried on under the licence regarding the geology and mineral resources of the area covered by the licence.

9. The licensee shall allow any officer authorised by the Central or the State Government to inspect at any time the area covered by the Prospecting licence as also any accounts, plans and records maintained by him.

10. The licensee shall before the licence is issued to him deposit as security a sum of Rs. 200 in respect of every square kilometre or part thereof for which the licence is granted for the due observance of the terms and conditions of the licence.

11. The licensee shall engage a qualified geologist or a mining engineer to conduct the prospecting methodically.

12. The licensee shall not give any ore-raising contract during the prospecting stage.

13. The above mentioned area is subject to verification after actual survey; and

14. Local and other Cesses as prevalent in Bijapur District.

AWARD.

This is a Complaint under Section 33A of the Industrial Disputes Act, 1947.

2. The Complainant states that he joined service in the Opposite Party-Company as a Crane Operator in the year 1961 and that on the charge of habitual absence, an enquiry has been held and he has been dismissed from service as per an order dated 10th July 1974. The charge was not established. The Enquiry Officer's findings are perverse. The Enquiry Officer has ignored material circumstances. The Complainant had made applications for leave. He was working in an area where there was lot of cement and clinker dust. Working in such a dusty atmosphere often leads to sickness. There is no E. S. I. service. As such, he had to take treatment outside, on his own. This is an extenuating circumstance. The punishment is discriminatory. There are a large number of workmen who had been guilty of absenteeism to a far greater extent than the complainant, but have not been punished in the same manner. He could not let in any evidence in the enquiry as he was under the impression that he would never be dismissed for such a petty offence. He made several representations to the Government for action. He also filed a writ petition praying for a direction to be issued to the Government for final orders on his application dated 12th February 1975. When the petition came up for hearing in the High Court, the Government Advocate submitted to the High Court that an endorsement had been issued to the effect that the complainant should file a complaint under Section 33A. At the time of his dismissal, the Reference in I. D. No. 29 of 1973 was pending. He is a workman concerned in I. D. No. 29 of 1973. The Management ought to have complied with the provisions of Section 33 (2) (B) of the Industrial Disputes Act. The Opposite Party has neither filed an application for approval nor paid one month's wages. He, therefore, prays that the dismissal order dated 10th July 1974 may be set aside and that he be reinstated in employment with continuity of service and back wages, etc.

3. The Opposite Party contended that the complainant is in no way connected with I.D. No. 29 of 1973 and that the dispute in I.D. No. 29/73 is not of a general nature involving the complainant's interest. The complainant is, therefore, not concerned workman. There is no contravention of Section (A) of the I. D Act. The enquiry held against the complainant was in accordance with the Standing Orders and afforded all reasonable opportunity to the complainant The complainant's misconduct deserves the extreme punishment of dismissal. The Opposite Party's action is valid and legal. In spite of several opportunities given to improve his attendance, the complainant continued to remain absent without leave. thereby forcing the Management to take the extreme step of dismissal. It is not true that the charge was not established in the enquiry. In a Cement Industry, in general, there is bound to be dust . There is possibility of occupational disease. The complainant cannot make any grievance on this ground. The workmen who are exposed to dust are supplied with sufficient protective and other equipments for avoiding dust and its ill-effects. The Opposite Party is not responsible for non-extension of E S.I. There is no discrimination. The complainant alone is to be blamed if he has not led any evidence at the enquiry It is learnt that the complainant is gainfully employed elsewhere. He is, therefore, not entitled for reinstatement or back wages.

4 The following issues were framed :

1) Whether the complainant is a concerned workman in I. D. No. 29 of 1973 ?

2) Whether there is violation of section 33 of the Industrial Disputes Act, 1947 ?

3) Whether the Opposite Party-Management is justified in terminating the services of the complainant with effect from 10th July 1974 ?

4) To what relief, if any, is complainant entitled to ?

5 Issues Nos 1 and 2 : The contention that the complainant is not a workman concerned in I. D. No 29/73 was not pressed by the Opposite Party during the arguments and hence, these two issues may be held in favour of the complainant and this complaint becomes maintainable.

6. Issue No. 3 : In the petition no serious instances of breach of principles of natural justice during the conduct of the domestic enquiry have been cited. During the arguments, the complainant's counsel has accepted the position that reasonable opportunity was afforded to the complainant during the domestic enquiry. It is also seen that the complainant fully participated in the domestic enquiry and that he was also given the assistance of a co-worker. Therefore this complaint has to be considered on the basis that the enquiry held is in accordance with the principles of natural justice and that

there are no circumstances vitiating the domestic enquiry on any of such grounds.

7. But it is urged by the counsel appearing for the complainant that though in the Show Cause Notice, which contains the charge on the basis of which the enquiry was held it is merely stated that he was absent on the following days

In the month of October 1973—5 days,
—do— November 1973 - 5 days,
—do— December 1973—4 days,
—do— January 1974—7 days, (without pay)

Without permission during the enquiry evidence was brought in to prove his absence from as long back as January 1973, and that the misconduct falls under Section E II(8) of the Standing Order which reads as follows :—

"Frequent late coming frequent absence without permission or absence without permission or overstaying the sanctioned leave without sufficient grounds and proper and satisfactory explanation." and that thus the Enquiry Officer could not have found the complainant guilty of the misconduct of habitual absence and that, at any rate, the Enquiry Officer ought to have found as to whether such absence was without sufficient ground and proper and satisfactory explanation. It was further submitted by the complainant's counsel that whenever the complainant went on leave, he was always submitting leave applications through his co workers, like DW-1 V. Chandrasekharan Nair and DW-2 N. Shivanna who were examined during the enquiry, and that there being no system of passing acknowledgement for leave applications received nor any evidence to show that the leave applications received were being correctly dealt with the Enquiry Officer ought to have held that the misconduct in Item 8 extracted above is not established.

8. I have considered the above submission and I find that there is hardly any substance in any of them. The preamble to the Show Cause Notice dated 11th January 1974 specifically refers to the habitually unsatisfactory attendance from January 1973 and the action that was taken against the complainant as well as the assurance that was given by the complainant on 2nd October 1973 saying that he will not absent himself from duty in future. Therefore, the complainant cannot raise any objection that during the enquiry evidence relating to extraneous matters was introduced. The evidence of MW-1 A. N Ramachandran, Head Timekeeper, clearly shows that the complainant was absent without permission for as many as 99 days during 1973. No doubt, on a further search, some of the leave applications, which that complainant had submitted, were traced and produced, but the fact remains that the complainant has been freque-

ntly absenting himself. It is the not the complainant's case that he was obtaining permission, which always means, prior permission. It follows that the misconduct of 'frequent absence without permission' under Item 8 is established. The question of sufficient grounds and proper and satisfactory explanation arises only under the latter part of Item 8 which deals with 'overstaying the sanctioned leave'. Therefore, the complainant is not entitled to say that on account of occupational disease incurred due to the cement dust in the atmosphere around the Cement Factory prevented him from attending his duty. Even about this aspect of the case, except a general submission that the atmosphere around the Factory is polluted with dust inhaling of which is injurious to health. There is no evidence that the complainant was suffering from any of such diseases caused by dust inhalation. Except 3 Medical Certificates, one dated 6th March 1973 which shows that the complainant was advised to take rest for 4 days from 4th March 1973 and the other dated 14th January 1974 which shows that the complainant was under the treatment for Acute Bronchities for 3 days starting from 12th January 1974 to 14th January 1974 and the 3rd dated 26th Janurary 1974 saying that the complainant was under treatment on 24th January 1974 and 25th January 1974, there is no proper evidence to show that the complainant was suffering off and on due to ill health. Most of the leave applications mentioned the reason for the leave as urgent work in the house or else where. Therefore. it must be held that the misconduct alleged has been established.

9. Then, it was urged that the past record was not taken into consideration as required under Section E II Item (37) (latter part) of the Standing Orders. In this connection, the decision in 1974 II LLJ 184 has been cited. This submission is not warranted when the Disciplinary Authority's Order is examined properly.

10. Then, it was urged that some latitude, was given in the case of Chickkarangappa, should have been given by way of extenuating circumstance taking into consideration the risk of falling ill due to inhalling of cement dust. But when it does not appear that the complainant's illness, as seen from the Medical Certificates, was due to inhaling of cement dust, this submission would not have much aorce. Further, it is not denied by the complainant that action fainst Chickkarangappa has been taken. The fact that action against Chickkarangappa was taken after this complaint was filed guld not make much difference. Therefore, I hold that there is no victimisation involved.

11. Issue No. 4. It follows from the foregoing findings that the complainant is not entitled to any relief.

12. In the result, this complaint is dismissed,

For the II Party:—Sri B. C. Prabhakar, Joint Secretary, Mysore State Employers' Association, Bangalore-4.

REFERENCE

(Government Order No. FCL 839 LLD 68, dated 1st May 1970)

AWARD

By Government Order No FCL 839 LLD 68. dated 1st May 1970 issued in exercise of its powers under Section 10 (1) (d) of the Industrial Disputes Act, 1947, the State Government has referred the following points of dispute for adjudication to this Tribunal :

I. Are the workmen of Mysore State Electricity Board, Bangalore justified in demanding that the undermentioned post of the erstwhile Bombay Electricity Board be equated as under with effect from 1st April 1957 :—

(a) Junior Clerks and Bill-Collectors cum-Cashiers to posts of II Grade Clerks in grade Rs 55-120.

(b) Senior Clerks, Store-keepers-cum-Clerks, Senior Accounts-Clerks and Senior Audit Clerks to posts of II grade Clerks in the grade Rs. 80-200.

II. If not, to what reliefs are the workmen entitled

2. The I Party states as follows :

After the Re organisation of States on 1st April 1957, all the employees, working in the Hubli Division of the erstwhile Bombay State Electricity Board which was carrying on the generation, distribution of electricity supply in the State of Bombay, were transfered to the Electrical Department of the Government of Mysore, which was carrying on a similar activity in the old State of Mysore. Subsequently, in exercise of its powers vested in it under Section 5 of the Electricity Supply Act, the Government of Mysore, has constituted the State Electricity Board (M.S.E.B. in short) with effect from 30th September 1957 and in pursuance of that order, all the employees who are employed in the erstwhile Electricity Department of the Government of Mysore and their services were kept under the administrative control of the M.S.E.B. Subsequently, on their exercising the option, the services of these employees have been absorbed in the M.S.E.B. Consequent on the Re-organisation of the States, the Government of Mysore equated the different posts of the employees of the erstwhile Bombay Electricity Board whose services were transferred to the Electrical Department of the Government of Mysore with effect from 1st April 1957. The equation of the posts of Clerks, Bill Clerks-cum-Cashiers, Graduate Audit Clerks, Senior Clerks and Stores Keepers-cum-Clerks of the erstwhile Bombay State Electricity Board as finally ordered by the Mysore State Electricity Board as per its Order No. A I 911/68-69 dated 21 t August 1963 is wholly untenable and is not in accordance with the principles to be followed under the States Reorganisation Act, viz.. "(a) The nature and duties of the

ports, (b) The responsibilities and powers exercised by the officers holding the posts, (c) The extent of territorial jurisdiction or any other charge held by the incombent or the responsibilities devolving on the holder of the posts (d) Minimum qualification if any prescribed for recruitment to the posts and (e) The salary of the posts. Considering these principles the Junior Clerks and Bill Clerks-cum-Cashiers in the grade of Rs. 46-3-85-4 105 are entitled to be equated to Second Division Clerks in the grade of Rs. 55-3 70-4-110-5-1:0. Similarly, the Senior Clerks, Store Keepers-cum-Clerks in the grade of Rs. 92-8-140 and Senior Accounts Clerks, Store keepers-cum-Clerks in the grade of Rs. 100-8-140-10-170 should have been equated as First Grade Clerks of the erstwhile Electrical Department of the Government of Mysore in the grade of Rs. 80-:00. The I party workmen are also entitled to consequential benefits like arrears of wages, promotion, seniority, etc.,

3. In its Objection Statement, the II party states as follows :—

There were 4 categories in the clerical cadre of the M.S.E.B. which was formed on 30th September 1957 and they are—

(1) First Division Clerks,
(2) Second Division Clerks,
(3) First Grade Accounts Clerks,
(4) Second Grade Accounts Clerks.

Categories (3) and (4) consisted of only employees deputed from the State Accounts Department and their pay scales were slightly different from those of the First and Second Division Clerks. When the services of these employees were taken over by the M.S.E.B., the difference in pay scales as between First Division and First Grade Clerks and as between Second Division and Second Grade Clerks remained. When the services of the employees of the Bombay State Electricity Board were taken over on States Re-organisation by the Electricity Department of the Government of Mysore and later by the Mysore State Electricity Board, the Junior Clerks and Bill Collectors-*cum*-Cashiers were equated to Second Division Clerks and Senior Clerks, Store Keepers-*cum*-Clerks, Senior Accounts Clerks and Senior Audit Clerks were equated to First Division Clerks. Subsequently, in 1970 the four categories, have been amalgamated into only two categories, namely, First Division Clerks and Second Division Clerks. Such equation was fully justified and reasonable. The II party has not been able to find any basis for the I party's claim, beyond making bare assertions during the conciliation proceedings. In the absence of the requisite proof, the II party's equation is quite justified. The I party is not entitled to any relief.

3. Subsequently, the II party filed Additional Counter Statement contending that on 12th January 1970 a settlement was effected during the course of conciliation under Section 12 of the Industria

Disputes Act between the M.S.E B. and the Union of all its employees regarding all disputes covering categorisation, fitment and revision of pay scales and that therefore, the Reference made subsequently on 1st May 1970 is invalid. Further, the question relating to the absorption from Bombay Electricity Board service to Mysore Government service, such as, their equation or fitment, is not a matter which they could raise in dispute with the M S.E B , as they were, in the first instance, absorbed as employees of the Mysore State Govrnment and they came to the Board service only as employees of State Government on their own option subject to the conditions of service under the Board that, therefore, they are not entitled to raise any dispute regarding their position prior to the date of their joining the Board's service and that, finally, the Reference also does not deal with the conditions of service between the employer, namely, the M.S.E.B. and its employees.

5. The I Party filed a Rejoinder Statement.

6. In addition to the points of dispute scheduled in the Order of Reference, the following issues arrising out of the pleadings were framed :—

1. Does II Party-management prove that this Reference is invalid because of the existance of the Settlement dated 12th January 1970 ?

2. Does the Management further prove that this reference is liable to be rejected on the grounds mentioned in para 2 of their Additional Counter Statement filed before this Tribunal on 13th December 1972 ?

3. Does II Party-Management further prove that the I Party-workmen cannot raise the dispute with the Management of M.S.E.B. ?

4. Can the I Party raise the question of equation or fitment when they have opted to the service of the II Party after they had been absorbed with the Mysore Government Electrical Department

5. Do I party-workmen prove that the equation now made by the II party-Management is wholly un-justified and that they are entitled to equation as per their demand in the Annexure to their statement and that they are also entitled to get the consequential benefits ?

6. To what reliefs, if any, are the parties entitled ?

7. What award ?

7. This is a very old reference received as long back as on 4th May 1970 The proceedings have undergone countless number of adjournments, mostly, as the Order-sheet shows, on the request of the I party, on whom the burden lies and who has to adduce evidence in the first instance. The order-sheet shows that at the request of the I party, the case was adjourned from 25th July 1977 to 2nd September 1977 and then again from 24th November 1977 to 14th December 1977. On 14th December 1977 the counsels for both the parties were absent and the case was posted finally to 13th January

1978. On 18th January 1978, the I party's proxy again prayed for time and the case was again adjourned to this day, as a last chance. To-day also, when the case was taken up, the I party's proxy again prayed for time so that a registered notice could be given to the I party before reporting no instruction and withdrawing. No other grounds have been put forward in support of the request for adjournment. There is nothing to show that any effort has been made in the direction of the progress of the proceedings since the last more than one year by the I party. The case is a very old once and relates to the year 1970. I do not find any sufficient grounds to justify such an attitude on the part of the I party. More than sufficient time has been granted to the I party and yet, the I party has not bestowed any interest. The II party's counsel, who is present, has also opposed the grant of further adjournment to the I party. Under these circumstances, the case will have to be directed to be proceeded with, in the absence of the I party.

8. As per the order of Reference the burden lies on the I party to prove its claim. There being no evidence adduced by the I party, the issue covered under the points of dispute has to be answered in the negative and against the I party. The additional issues which have been framed on the basis of the additional objections filed by the II party do not survive for consideration.

9. In the result, an award is passed holding that the I party-workmen are not justified in putting forward their claims.

(1) Letter No. 311/78, D. J. dated 31st January 1978 from Shri N.M. Llngaraju,, Presiding Officer, Labour Court, Kodagu, Madikeri.

BEFORE THE PRESIDING OFFICER, LABOUR COURT, MADIKERI KODAGU DISTRICT.

Present :

Sri N. M. Llngaraju, M.A ,B.L.,

This 30th day of January, 1978

Reference No. 88/77

I Party (Workmen) :		*II Party (Employer)* :
Y. Verghees, Labour Surervisor, Huvinakadu Estate, Kutta Post, Kodagu Dist.,	*Vs.*	Manager, Huvinakadu Estate, Kutta Post, Kodagu Dist.

JUDGMENT

This reference is referred to this Court under Section 10(1) of the Industrial Dispute Act regarding the dispute between workmen Verghees and the Management of the Huvinakadu Estate, Kodagu. After the receipt of the reference, notices were issued to the parties to be returnable by 5th November 1977. On 5th November 1977, the Assistant Secretary, Kodagu District Plantation and General Labour Union appeared for the first Party workmen. The Second party Management though served through Assistant Manager failed to appear before the Court. Then it was posted to 26th November 1977 to file statement. On 26th Novemter 1977, a claim statement was filed and again it was posted to file counter statement on 24th December 1977. From 24th December 1977, it was adjourned to 21st January 1978. On 21st January 1978, the second party was absent. Counter statement was not filed and the second party was placed *ex-parte*. On 21st January 1978, it was adjourned to 21st August 1978, on the day, the workmen, Verghees was examined.

2. He stated in evidence that he is working as Labour Supervisor in the Huvinakadu Estate since 1975. He is a Provident fund

Holder. He took active part in Trade Union activities, so the Management transferred him from Huvinakadu Estate to Bilikere, Mysore. Ex. P-1 is the Transfer order. He could not go to the new place. Afterwards management did not provide him employment from 20th December 1976. He has been transferred without notice or enquiry and he prays for re-instatement with back wages and other reliefs.

3. The points for dispute are :—

(i) Whether the Management of Anaparai Estate (Kutta) is justified in transferring Sri. Verghees, Labour Supervisor from Huvinakadu Estate to Manneel Agriculatural Farm at Bilikere in Mysore District as contained in their order dated 19th December 1976 ?

(ii) If not, is the employee entitled to be re-instated at Huvinakadu Estate with back-wages and continuity of services or to any other relief ?

4. As I have already observed, the Management has remained absent inspite of the service of notice of the proceedings and they have not come forwards to contest this reference. We have got the evidence of only the first party workmen Sri Verghees, and he says that he took active part in Trade Union activities, so he was transferred. His evidence is not at all challenged or rebutted. Just because a person takes active part in Trade Union activities, it is not a just ground to transfer the workmen from one establishment to another without proper grounds that too from one district to another district. Hence the Management was not justified in transferring Sri Verghees, Labour Supervisor, from Huvinakadu Estate to Manmeel Agricultural Farm at Bilikere, Mysore District in their order dated 19th December 1976. In the result, the workmen is entitled to be re-instated at Huvinakadu Estate with back wages and continuity of service or to any other relief he is entitled under law.

5. The reference is allowed in the above terms and I pass the order accordingly. Intimate the Government.

Dictated to the Stenographer, transcript revised and pronounced by me in open Court on this 30th day of January 1978.

N. M. LINGARAJU,
Presiding Officer,
Labour Court, Kodagu, Madikeri.

ORDER No. SWL 19 LLA 78,

BANGALORE, DATED THE 27TH MARCH 1978.

Whereas by State Government Order No. SWL 677 LLD 77, dated 14th September 1977, the Industrial Dispute between the workmen and the management of Huvinakadu Estate, Kutta Post, Kodagu District was referred to the Labour Court, Kodagu, Madikeri for adjudication ;

And whereas the Presiding Officer, Labour Court, Kodagu, Madikeri has submitted to the State Government its award in respect of the said Industrial Dispute;

Now, therefore, in exercise of the powers conferred by Section 17 of the Industrial Disputes Act, 1947 (Central Act No. 14 of 1947), the Government of Karnataka are pleased to direct the publication of the said award as above, in the *Karnataka Gazette*.

6. S. Chidananda Murthy (Board Boy)
7. Kaveri (Sweeper)
8. Appaji (Clerk)

If not, to what relief are the said workmen entitled ?"

2, The First Party in their claim statement have stated in short as follows:—They were the employees of the II Party; the Second Party without any valid reason abruptly refused to take the workmen on duty. The First Party workmen have raised an industrial dispute which as ultimately ended in this reference. It is further stated that the I Party workmen are all active members of the Karnataka Cinema Naukarara Sangha, Channapatna, which was not liked by the II Party. The management without any provication, illegally terminated the services of Sri Kaveri, a Sweeper. The other workmen approached and requested the management to reconsider the decision. The management refused to consider the issue and started using filthy language and with the help of the police prevented illegally for no fault of them from attending to their duties. They informed the Labour Inspector. The management did not issue any Show-cause notice or charge sheet or hold any enquiry. Regarding workman Sri Venkatagiriyappa it is stated that he was working as a Chief Operator for the past 13 years without any remarks. He is an active Trade Union member. When he was on leave from 21st August 1975 to 23rd August 1975 and when he reported for duty on 24th August 1975 he was refused work for the reasons best known to the management. Regarding workman Sri Aziz Khan, it is stated that he was working as an Assistant Operator for the past 10 years without any remarks. From 21st August 1975 to 23rd August 1975 he was asked to perform the duty of Chief Operator who was on leave and he had acted accordingly. On 24th August 1975 when the management illegally refused work to Sri Kaveri, he brought to the notice of the management that such an action is unjustified. Therefore he was asked not to attend to his duties and they forcibly took the keys from him and refused to allow him to perform his duties Regarding workman Sri Chikkanna, it is stated that he was working as a Booking Clerk for about years without any complaint or remarks. Though he was a booking clerk, he was paid only the salary of a gate-keeper. He had complained to the Labour Inspector and then only the management conceded with his request. However after that settlement, the

management had an ill-will against him. He was subsequently asked to work as a Watchman. He agitated to that. The management issued a notice of termination and in that it was made clear that he was to answer that letter. He had suitably replied to that letter. The management did not consider this explanation nor waited for completion of one month and suddenly they refused work to him. Regarding workman Sri C. M. Krishnappa, it is stated that he was working as a Booking Clerk for about 8 years without any complaint. He was given Gate-keeper salary. Therefore he had complained to the Labour Inspector and then the management settled the matter, Because of this the management bore ill-will against him. On 24th August 1975 he was refused work as he pleaded with the management that their action in removing Sri Kaveri and Appaji without any reason was incorrect. Regarding workman, Sri Nagaraj, It is stated that he was working as a Watchman for about 9 years without any complaint. Though he was designated as a Watchman he was asked to work as Gate-keeper and Assistant Operator, but was paid only the salary of a ware man. He was refused work for no fault of his. Regarding workman Sri Chidanandha Murthy, it is stated that he was working as a Gate-keeper and his sercice was good. On an earlier occasion he was terminated from service without any notice, but was reinstated. He was given only Rs 104 instead of Rs. 128 He lodged a complaint against this act of the management On 18th August 1975 he was given a notice and was asked to explain and that notice gave him a month's time. But before the expiry of one month he was refused work. Regarding workman, Sri Kaveri, it is stated that he was working as a Sweeper or about 9 years. His work was good and he was the only sweeper in the theatre. He brought to the notice of the management that the work in the theatre is more one more addition The management become angry. He was asked to work on all three shows and he was always abused by the management. On 24th August 1975 he was refused work without any valid reason. Regarding the workman, Sri Appaji, it is stated that he was working as a Chief Booking Clerk for about 9 years. The Management issued a notice and he replied to the same. Without considering his expanation he was asked to get out of the theatre When other workmen pointed out the management of their high-handed action the management started abusing and refused work. Therefore the I Party workmen submit that the management is guilty of unfair labour practice, violation of principales of natural justice. The management is also not keeping the correct register showing the length of service to avoid legal claims like provident fund. They pray for their reinstatement with continuty of service with full back wages.

3. Then II Party filed their counter-statemen saying that though the I Party workmen were their employees, it is not correct that the II Party refused to take the workmen on duty. Their contention is that they had issued one months's notice on 24th July

1975 to one Sri Appaji, Booking Clerk for unsatisfactory services. On the expiry of the said notice on 24th August 1975 Sri Appaji was allowed for work in accordance with the notice given to him. All other employees were on work on 24th August 1975 in their respective places. Abruptly, the other employees without any valid or justiriable reason refused to do their normal work and struck work; the second party persuaded them to resume their normal work and advised them that if they have any grievance against the action taken by the II Party management against Appaji they can as well go to the concerned authorities and get redressal of their grievance, However, the employees on filmay grounds adamantly refused to go to do their normal werk and that 24th August 1975 being a Sunday the management pressurised and harrased by these employees by their sudden stoppage of work. The I Party had lodged a complaint to the authorities in regard to the wrongful stoppage of work by the employees. The Chief Operator and the Assistant Operator also refnsed to do the work and joined with the other employees Under these comelling circumstances, to exhigt the film show on Sunday 24th August 1975, the II Party made seme alternative arrangements and brought one temporary operator from Ranganagaram. But they found the Projector had been damaged and therefore that day shows were suspended. On 25th August 1975 they got the Projector repaired from M/s Photophone, Bangalore who had charged them Rs. 1102-50. Hence the allegation of the I Party that they were refused employment is unfounded, fales and is denied. It is the first party workmen, who struk work and subsequently stayed away from work continuously without any valid or justifiable reason and accordingly they have lost their lien on the job. Even afte the interference of the conciliation officer, the I Party failed to resume work. The II Party denied the allegation of the I Party that they (II Party) ware violating the provisions of labour laws and that the I Party wo kmen were victinised for their union activities. The II Party also denied that the I Party workmen were loyal The II Party has also contended that that it had not refused employment to any other employee except Sri Appaji. In regard to the allegations of the I Party that the management did not issue any show cause notice or charge-sheet or held any inquiry, the II Party management has stated that the workers themselves stayed away from duty and immediately taken up the matter with the concilia ion officer in conciliation. With regard to the facts about the individual workers, the II Party has stated as follows: The II Party denied that Sri Venkatagiriyappa was working as Chief Operator for the past 13 year but alleged that he joined other workers in staying away from work. The II Party denied that Sri Azez Khan was working as Assistant Operator. The II Party also further denied that Mr. Chikk nna and C.M. Krishnan were working as Booking clerks. They denied that Sri Nagaraj was working as a Watchman. They also denied that

Chidanand Murthy as a gate keeper. With regard to Kaveri, the II Party has stated that his work was unsatisfactory and that he was warned. The II Party further denied that Sri Appaji was working as Chief Booking Clerk. Therefore, the II Party prayed for the rejection of the reference. The II Party have filed a statement showing the date of entry into service of I Party workmen.

4. On behalf of the II Party three witnesses been examined. They are M/s. Mahboob Khan (as M.W. 1), T Devaraja (as M W. 2) and C A. Murth Martin (as M.W. 3). On the other hand, all the 8 I Party workmen got themselves examined as W.W 1 to W W 8. In addition, one R. Krishnamurthy, Secretary of the Cinema Naukarara Sangha, Chennapatna and Booking Clerk of Paravathi Talkies has been examined as W.W. 9.

5. The question that has been referred for adjudication to this Court is whether the II Party management is justified in refusing employment to the 8 I Party workmen with effect from 24th August 1975.

6. The contention of the II Party is that they never refused work to the I Party workmen. It is the I Party workmen themselves who stayed away from work with effect from 24th August 1975 because the II Party has served notice of termination on one of the I Party workmen, Sri Appaji (8th I Party workman). In other words the contention of the II Party is that the II Party management had issued a notice of termination to Sri Appaji on 24th July 1975 giving him one month's notice and accordingly on 24th August 1975 Sri Appaji was not allowed to work. Resented by this, the I Party workmen struck work from 4th August 1975 and in fact had caused damage to the projector of the theatre The II Party further contended that by striking the work and absenting themselves from work continuously they had lost lien on their job and therefore, the I Party workmen are not entitled for any relief as prayed for by them in this Reference.

7. On the other hand, the contention of the I Party workmen is that all of a sudden the management had terminated the services of one Sri Kaveri, Sweeper (and who is the 7th I Party workman in this Reference). Therefore, the I Party workmen approached and requested the management to reconsider the decision and the management used foul language against them and with the help of Police prevented them from attending to their normal duties with effect from 24th August 1975 They had asked work but the management had refused to give them work. The I Party also contended that the management has not issued any show cause notice or notice of termination to them before refusing work and therefore, the action of the management is illegal and unjust.

8. Let me consider these rival contentions in the light of the evidence let in before this Court by the parties.

9. All the I Party workmen, 8 in all, in their evedence as W. W. 1 to W. W. 8 have categorically stated when Kaveri, a Sweeper and 7th man in the list of I Party workman, was terminated without any reason on 24th August 1975 they had approached the management and pleaded for taking back Kaveri. The management said that they were supporting weaker and backward section and if they do they too will be terminated and ultimately on the same day with the help of police forcibly removed them. They had complained about this action to their Union as per Ex W. 4 Ex. W. 3 is the complaint given to the Labour Inspector. Ex. W. 5 is the complaint give to the Labour Officer. They have also stated that on 24th August 1974, the management has told Kaveri and Appaji not to come for work and therefore, they had approached the management to reconsider the case. But they were also prevented from attending to their work and ultimately all of them were refused work. Appaji, in his evidence as W W. 6, has stated that he had been issued a notice as per Ex W. 6 and he had replied as per Ex. W. 7. On 24th August 1975 he had gone to duty. The management was asking Kaveri not to come for work. Therefore he had requested the management not to terminate the services of Kaveri. The management got angry and had terminated him. In his evidence as W. W. 4, Kaveri has stated that he was the only scavenger in the theatre. He was doing cleaning work thrice a day. He told Mr. Devaraj, Proprietor, that work was more and one more scavenger is necessary. The Proprietor scolded him for that and on 24th August 1975 after he did the cleaning work in the morning, he was called by the Proprietor and was told that no longer his services are required. He belongs to cobbler community. The I Party workmen have also stated that they had went for work even on 26th August 1977 but with the help of police they were driven out. All of them have also spoken that they are members of the I Party union.

10 W. W. 9 Mr. R. Krishnamurthy has stated that he is the Secretary of the I Party Union affiliated to Cinema Employees Association, Bangalore. All the I Party workers are members of their union. There was a settlement between their union and the management as per Ex. W. 1 which was the result of a complaint by the Labour Officer against the management before the Magistrate's court at Ramanagar. Upon the complaint as per Ex W 3, he took up the matter with the Labour and Conciliation Officer as per Ex W 5. On 15th August 1975 he rote a letter to the local M. L. A. as per Ex. W. 8. His representation to Assistant Labour Commissioner is as per Ex. W. 9. The management did not listen to the advice of the Labour Officer.

11. M W. 1 is Mahboob Khan, Manager, Shivananda Talkies. His evidence is to the effect that in July 1975 he was working as an Acting Manager at the II Party Theatre. The Management issued a notice to a Appaji in the month of July, 1975. That notice was 30 days notice for terminating the services of Appaji. That notice period expired on 24th August 1975. The Proprietor on 24th August 1975 told him to ask Appaji not to come to work as the period of notice expired. Therefore, when Appaji came to work and he told him what the Proprietor had asked him to tell Appaji and it was about 2 p. m. The afternoon show commences at 2.30 p. m. By 2.00 p. m itself the workers had come for duty. The Chief Operator and Assistant Operator were rewinding at the cabin. When he told Appaji not to come for work, the other workers told that they would be attending to their duties only if Appaji was taken to duty or else, not. At that time the Chief Operator was down-stairs. He had informed the Proprietor over Phone about that the workers told him. The Proprietor also told the workers to attend to their duties, but they refused. The Chief Operator and the Assistant Operator had also handed-over the keys of the Cabin room saying that they would work provided Appaji was taken to duty and otherwise, not. At that time, the audience had already entered the theatre. Therefore, the Proprietor himself had entered the Cabin room along with one Martin, but they could not start the picture as there was some trouble in the projector. That day shows could not be held and they got it repaired next day. He has further told on 24th August 1975 Kaveri, one of the I Party members, also came for work He swept on that day. He says that Proprietor on that did not tell Kaveri not to come for work. On 25th August 1975 the Labour Inspector who came to the theatre asked the workers to attend to work, but the workers did not attend. After that I Party members did not report for work.

12. M. W. 12 is Mr. T. Devaraja, Proprietor of the II Party theatre. He has told that on 24th July 1975 Appaji, Bock ng Clerk was given one month's notice as he was working in two places. 30 days after the notice, Appaji was asked not to come for duty on 24th August 1975.

When they told Appaji not to come for duty on 24th August 1975, his co-workers insisted that Appaji should be taken to duty or else they too would not attend to their work. Ex. M. 1 is the copy of notice issued to Appaji. When the Manager (M. W. 1) told him over phone about the I party worker's plan to not to work on 24th August 1975, he went to the theatre and tried to persuade the I Party workmen but they did not listen to him. He himself went to the cabin to commence the show with one Martin and one Head Constable. He tried to start the machine. but it did not work. He got it repaired the next day. The Labour Inspector visited the spot on 25th August 1975 and made enquiries.

13. M. W. 3 is one C. A. Lurth Martin. His evidence is to the effect that he is working as a Gatekeeper in the II party and on 24th August 1975 the proprietor sent him and a constable to the Cabin room for laying records Then M W 2 came and he had put the reels correctly and started the projector but there was no sound and film could not be exhibited. He says in his cross-examination he was learning the work of operating the Projector and had not applied for any licence. He also admits that he did not tell the Proprietor about the reason for the defect of the Projector.

14. From the above discussion of the evidence, two propositions emerge. They are: (1) that the workers struck work on 24th August 1975 after-noon because the management has not taken Appaji to duty and this proposition emerges from the evidence of II party: (2) that the II Party management refused work to the Party workmen because they had protested against the termination of Kaveri orally on 24th August 1977 and this poposition emerges from the evidence of the I Party workmen. But the main question for consideration in this Reference is whether the II Party management was justified in refusing employment to the I Party workmen with effect from 24th August 1975. The burden of proving this was upon the II Party. But the management has taken the stand that they never refused employment to the I Party workmen and it is they who have left their services and therefore, they have lost their lien on the Job and therefore, the I Party workmen are not entitled for any relief This stand they tried to establish M. W 1 to M M. 3. Even for assuming argument sake that the I Party workmen had lost the services of the I Party workmen and therefore they had lost the lien on their jobs, one has to decide when such loss of lien would amount to automatic termination of service. When it appears that the workmen had left the services of he Theatre, then unless a written order is passed that the workers had left the services and therefore they have lost lien on their jobs, it cannot be said that the posts have been vacated and therefore, the management is absolved from passing any order. Even if it is a case of automatic termination of service, it should have been proved that the names were actually struck off on a particular date and by whose orders. In the present case, there are no absolutely no materials to prove that the management have complied with these above requirements. If really the II Party management had considered that the workers had left the job, then they should have passed the requisite order. When the II Party management has admittedly not passed any requisite orders to that effect, they now cannot contend that the I Party workmen have forfeited their right to come to work:

15 Further, when an inference of abandonment of service can be drawn ? If a worker remains absent for a particular length of time, he will be presumed to have left his services. In such cases the

inference of abandonmen. of services can be drawn if the workman remains absent for the stated period. Such an inference can be drawn only if the complainant neither turns up for work nor he informs the company as to why he remained absent In the instant case, the evidence on record makes it clear there are no such sequences to hold that the I Party workmen had abandoned their services. In fact, it is evident from the materials on record that there was some sort of dispute between the workers the management with regard to taking back of one worker Appaji (this as contended by the management) or Kaveri (this as contended by the workers) to duty and this dispute had ultimately ended in this reference. It is, however, true that under common law an inference of relinquishment of service is not easily drawn unless from the length of absence and from other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that an employee intended to abandon service. This normally requires adequate evidence in support of this contention. In the Instant case, from the materials available on record, I am of the opinion that the II Party has failed to prove that the I Party workman have left their services voluntarily, in as much as the II Party has failed to notify or publish the cessation of employer-employee relationship between them and the I Party workmen.

16. On the other hand, it is contended on behalf of the I Party workmen that they were poor workers and when they demanded the management that they should not terminate Kaveri, a Sweeper, the management did not accede to their demand and ultimately did not permit them to do their jobs and they were driven out. They represented to their union and the union has taken up the matter in conciliation and ultimately the dispute ended in this Reference W.W.9, I Party Union Secretary, also corroborates this version of the I party There is considerable force in this argument in view of the circumstances in which the I party workmen were placed When the II Party management had not passed any relevant written orders putting an end to the relationship of employer-employee if the I Party workmen had stayed away from work, I am constrained to hold that the I Party workmen had not stayed away from work.

17. For the foregoing reasons, I am of the opinion that the II party management was not justified in refusing employment to the I Party workmen. It therefore follows that the I Party workmen are entitled to the relief of reinstatement and continuity of service. With regard to back wages, taking all the facts and circumstances of the case into consideration, I am of the opinion that 25% of the back wages would meet the ends of justice. Hence my Award.

AWARD

18 In the result, the Reference is answered as follows :--The Management of Viswanath Picture House (Shivananda Talkies), Channapatna. were not justified in refusing employment to the following workmen with effect from 24-8-1975 :--

1. This reference is made under Section 10 sub-section 1 Clause (c) of the Industrial Dispute Act, 1947, by the Government of Mysore

in letter No. FCL 553 DND 71 dated 7th June 1971 for adjudication of the following point of dispute.

with effect from the dates mentioned against their names ?

Out of 12 workmen involved in the disputed, only the following four persons (a) M. V. Karunakara, (2) A. Revanna Siddappa (3) H. Venkatesha Bhat and (4) B. S. Shekar Shetty, have filed the claim statement on 10th November 1971.

Subsequently, on 16th November 1977 Sri B S. Halappa, appearing for the first party, has filed a memo stating that except Revanna Siddappa, the other three claimant out of 12, who have preferred claim statement, have secured employment elsewhere and, therefore he does not press the claim o the said persons.

According to the clam statement, Sri A Revanna Siddappa Electrical Supervisor , joined services on 16th October 1968 on a salary of Rs. 175/- per month, which was raised to Rs. 250/- by the time of the termination of the services on 9th November 1970 The case of the claimant was that no reason has been given for the termination of his services; that he has put in a service of more than a year; that as per the provisions of the Industrial Dispute Act, no citizen of India, could be removed from service except as per the provisions of Chapter V of the Industrial Dispute Act *i. e.*, retrenchment ; that therefore, the termination of the services of the claimant is illegal in law, and therefore, he is entitled to be reinstated with back wages.

2. The second party has resisted the dispute contending that the joint application filed by the four persons is not maintainable in law.

The second party has contended that the services of the person in question were terminated as his services was no longer required that the company is manufacturing steel and alloy steel castings ; that the employee was employed during the construction of the factory and the erection of the plant purely on supervisory capacity ; that the Polish Engineers, who erected and commissioned the plant, opined that the service of the above employee was no longer necessary and he cannot be fitted in any of the post in the factory since he had neither any knowledge of steel making and foundry practice nor any practical experience in steel making and foundry practice; that the second party has no confidence in the employee, and, therefore, the company had to discharge him from the services of the company and the terminatio can be charectarised only as the termination simpliciter; that Revanna Siddappa was paid two months salary and he has accepted the same ; that the termination was *bona fide* discharge for want of suitable posts and positions, and hence the question of reinstatement of the employee does not arise and the reforence be dismissed.

3. On 28th Janurary 1972 the following issues have been raised in reference No. 9/1971 :

( ) Are the management of Vignan Industries Ltd., Haliyur B. H. Road, Tarikere, justified in terminating the services of the petitioners (a) M. V. Karunakara. (2)A. Revanna Siddappa, (3) H. Venkatesha Bhatta and (4) B. H. Shekara Shetty, with effe t from dates noted in para 2 of the claim statement ?

(2) If not, to what relief are the petitioners entitled ?

Sri B. S. Halappa examined A. Revannasiddappa as WW 1 and relied upon Ex. W-1 to W-11. The Management has examined MW-1 Puttaswamy, Personal Officer and M.W-2 Krishna Murthy, Accountant and relied upon Ex. M. W-1 and M. W-1 (a) to (f), and closed the case.

ISSUE No. 1 :—

4 Under this issue, the question whether the management of Vignan Industries Ltd. Haliyur, was justified in terminating the service of A. Revanna Siddappa, with effect from 9th November 1970 alone will be considered as the other three employees have filed a memo to the effect that they have secured employment elsewhere, and, therefore, they do not press the claim.

It is undisputed that Sri A. Revanna Siddappa was appointed as a probationer on a consolidated salary of Rs. 175 per month under Ex. W-2 dated 8th October 1968. A reading of Ex. W-2 clearly indicates that Revanna Siddappa was to be a probationer for a period of six months, and he would be confirmed in a suitable grade after satisfactory completion of the probationery period. Ex. W 3 dated 29th August

1969 clearly indicates that Revanna Siddappa has been confirmed on a consolidated salary of Rs 250 in grand Rs. 250-25-500 with effect from First of August, 1969. From the evidence of W. W-1 Revanna Siddappa it is clear that he worked for two years and 23 days and he was discharged under Ex. W-1 dated 9th November 1970 with effect from the afternoon of that day. According to W. W-1 there was no allegation against him during the period he was in service and his appointment order does not contain the specific period during which he will be continued in service ; that the management has not assigned any reason to terminate the services ; that there has been no enquiry held against him, and, therefore his termination is illegal. As against this contention, the management has pleaded that the termination of the service of the employee is a termination simpliciter that the second party had no confidence with the employee and the service of the emplyee were not required, and therefore, the same has been terminated and the termination was *benafide* discharge for want of suitable post and positions. In the decision L, Michael and another V. M/s Johnson Pumps Ltd., A.I.R 1975 Supreme Court, 661, it is laid down :

"The Tribunal has the power and indeed, the duty to X-Ray the order and discover its turn nature, if the object and effect, if the attendent circumstances and the ulterior purpose be to dismiss the employee because he is an evil to be eliminated. But if the management to cover up the inability to establish by an enquiry illagitimately but ingeniously pases an innocsent looking order of termination simpliciter, such action is bad and is liable to be set aside. Loss of confidence is no new armour for the management otherwise security of tenure, ensured by the new industrial jurisprudence and authenticated by a catues of cases of Supreme Court, can be subverted by this non formula.

Loss of confidence is often a subjective feeling or individual reaction to an objective set of facts and motivations. The court is concerned with the latter and not with the former, although circumstances may exist which justify a genuine exercise of the power of simple termination. In a reasonable case of a confidential or responsible post being misused or a sensitive or stratagic position being abused, it may be high risk to keep the employee one suspicion has started and a disciplinary enquiry cannot be forced on the matter, here a termination simpliciter may be *bonafids* , not coleurable and loss of confidence may be evidentiary of good faith of the employer-

An employer who believes or suspects that his employee. particularly one holding a position of confidence, has betrayed that confidence can, if the conditions and terms of the employment permit, terminate is employment and discharge. But such belief or suspicion of the employer should not be a more whim or fancy. It should be *bona fide* an reasonable. It must rest on some tangible basis and the power

has to be exercised by the employer objectively, in good f ith, which means, honestly with due care and produce . If the exercise of such power is challenged on the ground of being colorable or *mala fides* or an act of victimisation or unfair labour practice, the employer must disclose to the Court the grounds of his impuned action so that the same may be tested judicially."

Again in the decision The Gujarat Mineral Development Corporation Vs. P. H. Brahmbhatt A. I. R. 1974 Supreme Court. 137, it is laid down ;

"An order of discharge simpliciter is not conclusive and when an Industrial Dispute is raised, the Tribunal adjudicating such dispute can examine the substance of the matter and determine whether the termination is in fact discharge simpliciter or dismissal. If it is satisfied that the order is punitive or *mala fide* or is made to victimise the workman or amounts to unfair labour practice, it is competent to set it aside. The test is whether the act of the employer is bonafide or not. It is not and is a colourable exercise of the power under the contract of service or standing orders, the Tribunal can discard it and is a proper case direct reinstatement".

Bearing in mind the principles enunciated in the above decisions it is necessary to consider whether the act of the employer in terminating the services of the employee stating that it has lost confidence in the employee and that the termination of the services is termination simpliciter is *bona fide* or not. In the cast on hand. Ex. W-2 does not prescribe the period for which and the condition on which the employee in question shall be continued in the services of the employer. Under Ex. W-2 and W-3, the management has not reserved the right of termination of the services of the employee without assigning any reasons. On the other hand, Ex.-2 clearly mentions that after the completion of the probationary period of six months, the employee will be confirm in a suitable grade. Ex. W-3 clearly indicates that the employee has been confirmed on a consolidated salary of Rs. 250 in the grade Rs. 250-25-500 with effect from 1st August 1969. Ex W-3 does not also state that the employee shall be in the services of the management till the installation of the machinery which was being done by the Polish Exports was completed or till the period of the commencee ment of the production of special steel and alloy stell castings by the management which required special technical qualifications. In the absence of the appointment order and the confirmation order, mentioning about the service conditions or the period for which the employee shall be in the services of the employer, the employee shall be entitled to be in the services till he is found to be unfit on account of the allegations of his-conduct or any other allegation which will be a disqualification for the employee to continue in the services of the employer. In the instant case, admittedly, there is no allega-

tion of any misconduct against the employee during the period of the tenure of his office. Apart from the say of M.W.-1 Putta Swamy that Revanna Siddappa was appointed temporarily as supervisers there is not even a whisper in the sworn statements of M.W-1 Putta swamy and M.W-2 Krishnamurthy that there was any allegations against Revanna Siddappa which renders him unfit to be the services of the Second Party, and that there was any occupation for the management to loss confidence in the employee and to discharge him from services terming it has a termination simpliciter. In the decision Management of Panitola Tea Estate Vs. The workmen A.I.R 197 C.2171, it is laid down :

"If on the facts it is not possible to find cogent material on which the establishment can be genuine be considered to have lost confidence in the integrity of the workman he is entitled to be reinstated. If dismissal was wrongful then merely because proceedings for adjudication of the industrial Dispute have taken a long time, is by itself no reason for not directing his reinstatement if it is otherwise justified being in accordance with normal rule."

Therefore, merely because the management has claimed in the objection statement that the employee lost the confidence ; that the termination was simpliciter ; that it was *bonafide*, it not possible to hold that the termination of the services of Revanna Siddappa by the management was justified - namely because the Management contends that the termination is simplisiter. The action on the part of the management in terminating the services of Revanna Siddappa is bad and is liable to be set aside. In this view of the matter. I am constrained to held that the termination of the services of Revauna Siddappa by the second party is not justified.

ISSUE No. 2 :

5. In view of my finding on the first issue and as W. W-1 has testified that eversince his services were terminated, he has been searching for a job, but he has not been able to secure any job and he been unemployed. I hold that the employee A. Revanna Siddappa is entitled to reinstatement with backwages on his old pay from 10th November 1970 the date from which his services were illegally terminated.

Hence the following :

AWARD

Therefore, for reasons stated above, I order that A. Revanna Siddappa shall be reinstated by the management of Vignan Industries Haliyur, B H. Road, Tarikere, with effect from 10th November 1970 and all his back wages shall be paid to him from that date to the date of reinstatement. The reference in respect of 11 other employees

mentioned in Government letter No. FCL 553 LND 71 dated 7th June 1971 is rejected as not pressed

Any objection or suggestion which may be received from any person with respect to the said draft by the State Government will be considered by the Government. Objections or suggestions may be addressed to the Financial Commissioner and Secretary to Government, Finance Department, Post Bag No. 5342, Vidhana Soudha, Bangalore-1.

Draft Rules.

1. Title and Commencement.—(1) These rules may be called the Karnataka Entertainments Tax (First Amendment) Rules, 1978.

(2) They shall come into force at once.

2. Insertion of new Part VIA:—After the entries relating to Part VI of the Karnataka Entertainments Tax Rules 1959 (hereinafter referred to as the said rules) the following part and entries shall inserted, namely,

"*Part VI-A,*

Payment of Tax under section 4A"

41-A. Every Proprietor of a cinema theatre liable to pay tax on cinematograph shows under section 4A shall seven days prior to the date on which he commences to exhibit cinematograph submit an application in Form VIA for a permit in Form VIB to the Entertainment Tax Officer of the area concerned. Unless and until a valid permit in Form VIB is granted to him by the Entertainment Tax Officer, no proprietor shall exhibit cinematograph shows in places to which section 4A is applicable:

Provided that in the case of cinema theatres already exhibiting cinematograph shows in such places prior to the date of commencement of section 4A, the proprietor shall make an application within seven days from the commencement of the said section and the Proprietor may continue to exhibit cinematograph shows in such places till a valid permit in Form VIB is granted to him by the Entertainments Tax Officer. The Proprietor shall pay the tax for the period from the commencement of section 4A, till the date of issue or permit in accordance with section 4A within three days from the issue of said permit.

41-B(1). On receipt of the application specified under rule 41A, the Entertainments Tax Officer of the area shall fix the amount and nature of the security to be furnished by the Proprietor and the time within which such security should be furnished. When the security is furnished, the Entertainments Tax Officer shall grant the Proprietor a permit in Form VIB specifying therein the gross collection capacity of the theatre and the amount of tax on cinematograph shows payable by the Proprietor in respect of every show held by him.

(2) The amount of security fixed by the Entertainments Tax officer under sub-rule (1) shall be an amount equivalent to the amount of tax on cinematograph shows payable by the Proprietor for one fortnight.

(3) The security furnished under sub-rule (2) shall be maintained in full, so long as the permit continues to be in force and shall be liable to forfeiture if the returns are not furnished on the due date along with the Treasury receipt for the tax or if the returns are found, after due enquiry, to be inaccurate. The security shall also, in the event of default be liable to adjustment towards the tax on cinematograph shows at any time without previous intimation.

(4) If the security amount is adjusted towards the tax on cinematograph shows or is forfeited, the Entertainments Tax Officer may require the Propritor to furnish fresh security for the original amount fixed under sub-rule (2) and if no such security is furnished within ten days from the date of such demand, the Entertainments Tax Officer may cancel the permit issued to the Proprietor.

41C. (1)-Every Proprietor of a cinima theatre to which the provisions of section 4A are applicable, shall submit to the Entertainments Tax Officer, in respect of every month two returns in Form XA showing the particulars regarding the number of shows conducted on each day to cover the periods from the first to fifteenth of the month and from sixteenth to the end of that month respectively. The return for the period from first to fifteenth of a month shall be submitted on or before twentieth of that month. The return for the period from sixteenth to the end of that month shall be submitted on or before fifth of the following month. The returns shall be accompanied by a Treasury receipt or a crossed cheque in favour of the Entertainments Tax Officer for the full amount of the tax on cinematograph shows payble for the period to which the returns relates.

(2) On receipt of the return and the Treasury receipt or the crossed cheque referred to in sub-rule (1), the Entertainments Tax Officer shall, after making such enquiry as he considers necessary and after satisfying himself that the return is correct and complete and that the correct amount of tax on cinematograph shows has been paid, accept the return.

(3) If no return is submitted by the Proprietor in respect of any fortnight, on or before the due date, or if the return submitted appears to the Entertainments Tax Officer to be incorrect or incomplete, or is not accompanied by the Treasury receipt or the crossed cheque for the full amount of tax payable, the Entertainments Tax Officer shall, after making such enquiries as he considers necessary, pass an order assessing to the best of his judgement the tax payable under section 4A. The Entertainments Tax Officer shall

(2) The amount of security fixed by the Entertainments Tax officer under sub-rule (1) shall be an amount equivalent to the amount of tax on cinematograph shows payable by the Proprietor for one fortnight.

(3) The security furnished under sub-rule (2) shall be maintained in full, so long as the permit continues to be in force and shall be liable to forfeiture if the returns are not furnished on the due date along with the Treasury receipt for the tax or if the returns are found, after due enquiry, to be inaccurate. The security shall also, in the event of default be liable to adjustment towards the tax on cinematograph shows at any time without previous intimation.

(4) If the security amount is adjusted towards the tax on cinematograph shows or is forfeited, the Entertainments Tax Officer may require the Propritor to furnish fresh security for the original amount fixed under sub-rule (2) and if no such security is furnished within ten days from the date of such demand, the Entertainments Tax Officer may cancel the permit issued to the Proprietor.

41C. (1)-Every Proprietor of a cinima theatre to which the provisions of section 4A are applicable, shall submit to the Entertainments Tax Officer, in respect of every month two returns in Form XA showing the particulars regarding the number of shows conducted on each day to cover the periods from the first to fifteenth of the month and from sixteenth to the end of that month respectively. The return for the period from first to fifteenth of a month shall be submitted on or before twentieth of that month. The return for the period from sixteenth to the end of that month shall be submitted on or before fifth of the following month. The return shall be accompanied by a Treasury receipt or a crossed cheque in favour of the Entertainments Tax Officer for the full amount of the tax on cinematograph shows payble for the period to which the returns relates.

(2) On receipt of the return and the Treasury receipt or the crossed cheque referred to in sub-rule (1), the Entertainments Tax Officer shall, after making such enquiry as he considers necessary and after satisfying himself that the return is correct and complete and that the correct amount of tax on cinematograph shows has been paid, accept the return.

(3) If no return is submitted by the Proprietor in respect of any fortnight, on or before the due date, or if the return submitted appears to the Entertainments Tax Officer to be incorrect or incomplete, or is not accompanied by the Treasury receipt or the crossed cheque for the full amount of tax payable, the Entertainments Tax Officer shall, after making such enquiries as he considers necessary, pass an order assessing to the best of his judgement the tax payable under section 4A. The Entertainments Tax Officer shall

thereupon serve a notice on the Proprietor in Form XI calling upon him to pay the said tax within a week from the date of service of the said notice. If the said tax is not paid within the time specified, it shall be recovered as provided in section 9 of the Act:

Provided that whenever the Entertainments Tax Officer passes an order assessing the tax on cinematograph shows payable at a figure higher than the amount shown in the return under sub-rule (1) as due he shall briefly record his reasons therefor in writing and shall furnish the Proprietor with a copy of such Order".

3. Amendment of rule 54. In rule 54 of the said rules,—

(1) after the figure "VI", the word, figure and letter "or VI B" shall be inserted; and
